

## PETITION FOR INJUNCTION READY IN PENNSYLVANIA AVENUE FIGHT

Action Brought in the Name of Mrs. Lucinda Martin  
To Test the Validity of the Special  
Assessment.

### CITY'S COURSE STYLED ILLEGAL

Various Reasons Set Forth in Support of the Claim—The Alleged Irregularities Are That the Resolution Was Not Passed By Council or Properly Advertised and That the Contract Entered Into Is Void—The Taxpayers' Grievances in Detail.

#### WHAT THE PLAINTIFF ASKS.

The plaintiff prays that the assessments for the improvement of Pennsylvania avenue be declared null and void and that the defendant city be enjoined from collecting the same or certifying to the county auditor to be placed on the tax duplicate and for all proper relief.

#### WHAT THE PLAINTIFF ALLEGES.

That no property was mentioned in the resolution of council as property to be assessed.

That the resolution was not duly passed by council.

That no advertisement was made for bids after the resolution of December 14, 1900, which substituted brick paving for the gravel road.

That the contract for the improvement was made by the mayor and city clerk for the city; that the right to make such contract was thus delegated and that said contract was void under the laws of the state.

That before passing the assessing ordinance the city had paid for the improvement and said assessing ordinance was not passed to pay for said improvement, but to reimburse the treasury of the city.

That the description of the land is not sufficient to determine what land is to be assessed.

That the property of the plaintiff does not abut on and is not adjacent or contiguous to said improvement and the lands are not benefited by the improvement.

That there are lots contiguous and benefited by the improvement that have not been assessed.

That plaintiff was never served with any notice of the resolutions providing for the improvement.

The long-expected suit of the East End property owners resisting the assessments for the improvement of Pennsylvania avenue is ready to be filed with the clerk of courts at Lisbon, and the document will be placed in his hands either today or tomorrow. The suit has been brought in the

name of Lucinda Martin and her attorneys are James E. Davis, of the East End, and Frank Lones, of Wellsville. It was learned this morning that the petition was prepared by the attorneys yesterday after several weeks of investigation of all the ordi-

## TWO LIVES NEARLY LOST IN A BURNING STATION

Railroad Employee and Wife at East Palestine  
Were Nearly Suffocated in a  
\$10,000 Fire.

East Palestine, January 19.—(Special.)—Almost suffocated with the dense smoke that filled their apartments on the second floor of the Fort Wayne station here, Elmer Davis and wife awoke this morning shortly after 2 o'clock to find the structure a mass of flames. Mrs. Davis was almost unconscious and had to be assisted in leaving the building. It was stated this morning that in trying to find the stairway Mr. and Mrs. Davis became bewildered and lost their way. When they finally reached the open air both were exhausted.

Davis, as soon as he had left his wife in a safe place, dashed into the burning structure and made his way to the office where valuable records were stored. Regardless of the danger he worked until nearly all of the books, freight bills, etc., were saved. Davis continued his work until the flames drove him from the building. While he escaped without visible burns Davis was in a very serious condition this morning from breathing the fumes and smoke. Both he and Mrs. Davis are under the care of a physician. Mrs. Davis suffering greatly from nervousness and excitement.

The origin of the fire is a mystery so far, although Davis may be able to throw some light on it. The structure, which is now a total loss, was a two-story affair, about 45 feet long and

built of frame. The first floor was used as a freight and passenger station, waiting room, etc. Davis and his wife had living rooms on the second floor.

In the building were stored large quantities of soap and oil, which had been received at the station during the past few days. There was a great deal of other freight in the room, much of it of an inflammable nature. When the flames reached this section they burned with great fierceness, leaping at least 100 feet in the air.

Soon after the blaze was discovered a number of people from the Meek house, just across the street, were on the scene and did all in their power toward saving valuable property. The alarm soon became general and many people gathered at the scene. So rapidly did the flames spread, however, and so great was the heat that little could be done.

The loss to the railroad company has been estimated at from \$6,000 to \$10,000, but it will probably reach the latter figure, owing to the great amount of valuable freight destroyed. The loss to Mr. and Mrs. Davis will be several hundred dollars, and it could not be learned this morning whether they carried insurance.

While the officials of the company have not reached the scene, it is safe to assert that the station will be rebuilt at once upon the present site.

### SMITH HAD BEEN GRANTED DIVORCE

MAN WHO MARRIED IN CHESTER  
NOT A BIGAMIST.

Assertion That He Had a Wife in Baltimore Disproved By Court Records.

It has developed that William S. Smith, a former well known citizen of Chester, who died a few weeks ago at Baltimore, was not a bigamist as stated in this and other local newspapers at the time of his departure for Baltimore. The story was printed upon information of a woman in Baltimore, who wrote to Mayor Davidson, asking that Smith be located. The woman claimed that she was Smith's wife. Mayor Davidson located Smith without trouble and though he stated that he had been divorced from his first wife before re-marrying, he made no vigorous denial of the charge of bigamy.

From the records of the Baltimore courts it is proved that Smith was divorced there on January 22, 1903, he coming to Chester after that time. He was married to Mrs. Maggie Smith, at Chester, by Rev. Earle C. Lindsay, of the Methodist church, on March 26, 1903, two months after the divorce was granted. This clearly shows that the charge against Smith was untrue. The Chester lady whom he married is very highly respected and has a wide circle of friends in Chester and Toronto, her former home. She was absent from home and did not hear of the stories printed concerning her husband until a short time ago.

### DISTILLERY BURNED AT CINCINNATI

Fletcher Establishment Burned Causing \$100,000 Loss—Two Firemen Injured.

Cincinnati, January 19.—(Special.)—The distillery of M. Fletcher & Co. was totally destroyed by fire this morning. The loss is estimated at \$100,000.

Two firemen were seriously injured while fighting the fire.

#### Divorce Case Passed.

Lisbon, January 19.—(Special.)—Judge Hole heard some evidence yesterday afternoon in the divorce case of Hugh Phillips, of Wellsville, against Mildred Phillips, but the case was passed for further consideration. The wife filed a petition for divorce in 1902, but the petition was dismissed at her request a year ago.

#### Chief of Police Dead.

Columbus, January 19.—(Special.)—Chief of Police John Russell is dead after long suffering with apoplexy.

## CROWDED PUBLIC HALLS NO MORE TO BE TOLERATED

Mayor Weaver announced this morning that he will notify those in charge of every church and public or private hall in the city to adhere to the provision of the state law regulating the capacity of the same. It is the intention of the mayor to enforce the law to the letter, at least as it applies to local conditions, and in his determination he has the sanction of almost every citizen. He will officially issue the notifications before the end of the week.

The exclusive story in last evening's issue of the News Review of the mayor's step in prohibiting the First M. E. church to be overcrowded last Sunday evening was the one topic of conversation in the city. It pleased the readers of the News Review to learn that the chief executive had taken a stand

### CITY WILL KEEP BORROWED MONEY

Decision of City Solicitor Relieves  
the Minds of Finance  
Committee.

#### LOAN MUST BE RENEWED

The minds of the finance committee are now at ease concerning the \$7,000 they borrowed from the board of public service. It will be recalled that the committee discovered a few days ago that if council was to be compelled to pay back the entire amount at the present time a decided change would be necessary in the estimates submitted by the several departments. It was not the wish of the committee to cut down the requisitions, believing that they were carefully prepared and it asked Solicitor Davidson for an opinion. It was given to the committee yesterday afternoon and reads as follows:

"Replying to the inquiry of your finance committee concerning the right of council to retain part of the money borrowed by your honorable body from the board of public service, would state that, in my opinion, if the said board of public service is willing to reloan the amount, section 95 of the code would give you this authority. Parts of the section which refer to this matter are as follows:

"All municipal corporations shall have power to borrow money and issue certificates of indebtedness therefor, signed as municipal bonds are signed, in anticipation of the general revenue fund in any fiscal year, but no loan shall be made exceeding the amount of taxes and revenue estimate to be received at the next semi-annual settlement of tax collections for said fund, after deducting all advances."

"You will notice that the loan can only be secured in anticipation of funds from which payment can be made. Part of the section immediately following the above says: 'The sums so anticipated shall be deemed as appropriated for the payment of the certificates at maturity.' So that it will be necessary for council to issue a new certificate of indebtedness to the persons or board from which the money is to be had according to the part of the section just referred to. The money for the payment of the indebtedness now existing has been appropriated by operation of law for the payment of the money now due. It will therefore be necessary, as I said before, to issue new certificates of indebtedness and secure the money as in the first instance."

### KING PETER WEARY OF SERBIA'S THRONE

New Monarch Reported About to Ab-  
dicate and Let His Suc-  
cessor Be Named.

Vienna, January 19.—(Special.)—It is announced that King Peter, of Serbia, has prepared to renounce the throne and allow the powers to nominate his successor.

### COUNCIL READY TO APPROPRIATE

The Finance Committee Will Sub-  
mit Its Final Report  
Tonight.

#### THE RAILROAD ORDINANCE

Will Be Up for Discussion And Amend-  
ment, But It Is Not Likely to Pass.  
Other Business of Importance to  
Be Heard This Evening.

At the adjourned meeting of council to be held this evening, that body will assume a busy air and a number of momentous questions that have been hanging fire for weeks will be wrestled with again in the hope of finally getting them from the bounds of the councilmanic circles. However, there is only one important measure sure to pass, it being the appropriation ordinance.

After fighting with the board of safety and the service board for quite a while, the finance committee has succeeded in pleasing the members of each in fixing the estimates to be included in the appropriation and there will be little wrangling tonight. The committee held a meeting this afternoon and prepared the ordinance, designating the exact amount necessary to run each department of the city for the first six months of the present year. It was feared by the committee that this could not be done as it had been intimated that the board of public service would demand every cent of the \$7,000 borrowed by council to run the city until the first of the year. Solicitor Davidson dispelled the fear when he submitted a decision to the effect that council could refrain from paying the entire amount at the present time.

There are several ordinances that should come up for action, but it is thought owing to a misunderstanding that only the railroad ordinance will be brought. It is not thought that this measure will be passed. There are a number of objections being fostered by members of council and they will insist that they be given consideration before they will vote favorably on the ordinance.

As it now stands it is on its first reading. If it were to be passed the alleged defects would necessarily be rectified, a motion then made to amend the ordinance, which would turn it back to its original standing and then a motion could be passed suspending the rules to place it on its final passage. This will not likely be done, three-fourths of the members of council being necessary as a rule and indications are that Mr. Barlow will not be present owing to the serious illness of his son, and Mr. Smith being sick, he cannot attend.

### TO HOLD CONFERENCE ON CERAMIC SCHOOL

Representatives of Pottery Association  
Will Meet Carnegie's  
Representative.

Columel John N. Taylor, W. W. Barker, W. E. Wells and H. W. Smith, of this city, and Ernest Mayer, of Beaver Falls, representing the Pottery association, will go to Pittsburgh on Thursday to see Mr. Hammerschlag, of the Carnegie interests, in regard to the ceramic department of the Pittsburgh Carnegie Technical school soon to be established.

The result of the conference will undoubtedly be of interest to East Liverpool.

#### ADJUDGED INSANE

Barney Williams, of This City, Exam-  
ined By Probate Court and Pro-  
nounced a Lunatic.

Lisbon, January 19.—(Special.)—Barney Williams, of East Liverpool, was taken before Judge Martin in probate court yesterday afternoon, and adjudged insane. He has been unbalanced for about a week, and his condition is ascribed to intemperance. He is at times dangerous to others, and has peculiar delusions, among them being the idea that he is a governor. Williams is 47 years old.

#### A Union at Coshocton.

President T. J. Duffy, of the N. B. of O. P., will go to Coshocton Thursday morning, where he will organize the operators there into a union of the Brotherhood. The meeting of the operators there for this purpose will be held Thursday night.

## A MURDEROUS ASSAULT ON YOUNG GEORGE CAIN

Suffering From Knife Thrusts Dealt by a Stran-  
ger Who Met Him in an  
Alley.

### HE WAS BADLY CUT ON WRIST AND ABDOMEN

George Cain, a young man about 22 years old, is lying at the home of his mother in Church alley, just west of Washington street, in a very serious condition from knife wounds in his abdomen and across his right wrist. According to Cain's statements, he is the victim of a rather mysterious assault, made upon him by a stranger, after an altercation over a trivial matter, but in which hot words were passed. The assault was made yesterday afternoon about 1 o'clock in Center alley, between Jackson and Jefferson streets.

Cain, who is employed as a batter-out at the Cartwright pottery, has not been working lately and yesterday noon he walked to the West End of the city to look at the river, wishing to learn if there was good skating. He met a man, whom he states is a stranger and after engaging in conversation Cain cast some aspersions upon people who live in shanty boats. Evidently the stranger is a resident of the house boat district for he resented the words and the men were soon involved in a quarrel. The stranger was very angry and when Cain left him he threatened vengeance.

Cain, a few minutes after this occurrence, started home by the way of Center alley and when he reached a point about half-way between Jackson and Jefferson streets, he was confronted with the stranger. Evidently the stranger had been lying in wait for him for the purpose of settling the argument, for without a word Cain found himself the object of a vicious attack.

The stranger was armed with a knife and before the fight had been in progress a minute had used it with telling effect on Cain's right wrist. Cain, who has quite a reputation as a boxer, felled his assailant with a terrific blow and following up the advantage he jumped on the prostrate form, seizing the hand that held the knife. At this

point a woman, whose identity has not yet been learned, interceded. It was her intention to put an end to the conflict and with a frightened cry of "Don't kill him," she clutched Cain's arm so that he had to release his grip on the hand that held the knife.

Gathering all the strength possible from his prostrate position the stranger made a lunge at Cain, who received the sharp blade in his abdomen. Cain fell like a log and the startled woman cried, "You've killed him; you will be in jail before night." The man made all haste to leave the spot, saying to the woman, "They'll have to catch me first." Cain, after lying on the ground several minutes, started for the office of a physician, walking with great difficulty. On Market street he met two friends who assisted him to the office of Dr. Aaron Ogden, on Fifth street.

An examination showed that an artery in the wrist had been severed causing the wound to bleed profusely. This cut, while painful, is not serious. The knife penetrated the abdomen for a distance of at least an inch, making a jagged wound and is of a very serious nature. Dr. Ogden visited the injured man last night to give the wounds further care. Unless there are complications, Cain will recover, but he will be laid up for several weeks.

The injured man made every effort to keep the affair a secret and for this reason he did not inform the police. Officer Hugh McDermott, who is the night man on the beat where the affair occurred, learned of it this afternoon, and although not on duty, he went to the Cain home, where he was told practically the same story as given above. Officer McDermott, from the description Cain gave of his assailant, thinks that he can establish his identity, although the chances of his being apprehended are slim. It is the opinion of the officer that the assailant was so badly frightened over his deed that he lost no time in leaving the city.

## MRS. WEST'S UNHAPPY LIFE COMES TO A TRAGIC END

The Dose of Poison Taken By the Unfortunate  
Woman Proved Fatal Yesterday  
Afternoon.

Having taken the heavy dose of morphia for the purpose of ending her eventful and not too pleasant life, Birdie West died at the home of Charles Richardson last evening after having suffered 24 hours of the most terrible tortures to which she could have been subjected. The details leading up to the rash action were chronicled exclusively in the News Review last evening, and there remains little else to be told.

For the number of years that she lived Birdie West can be said to have lived a serene life. Though not yet 35 years of age, she had trials and experiences which would have been a revelation to any woman of twice her age. She was the daughter of Mr. and Mrs. Templeton Pugh, who resided for many years in Hancock county, W. Va. She was the mother of two children when she married Samuel West several years ago. They then resided in New Cumberland, and apparently got along peaceably and well. Mrs. West, it is said, became addicted to strong drink in her early married life, and to this alone can be attributed her downfall.

Her escapades have been recorded by the papers of Wheeling, Steubenville and East Liverpool from time to time during the past few years, and in each case the cause could be readily traced to her unfortunate fondness for rum. While yet a resident of New

Cumberland there occurred an incident which changed the entire trend of the woman's life and made her an outcast even from the immediate family and the associates of her childhood. Returning home one evening from a long and tedious day's work, the husband found his wife in the arms of another man. The intruder proved to be Marshall Hobbs, one of the best known young men of the Panhandle district.

West became furious at what he believed to be the unfaithfulness of his wife and the deceit of a friend, and shot Hobbs, leaving him for dead. He gave himself up, and was later indicted by the grand jury of Hancock county for shooting with intent to kill. Hobbs was taken to a Steubenville hospital, and not long after was discharged from the institution a well man. Public sentiment was so strongly in West's favor that he was acquitted when his case came to trial a few weeks later.

West refused to have anything to do with his wife after that, and they lived apart. The children were turned over to Mrs. West's parents, who then resided in West Virginia, but who have since moved to East Liverpool. The wife's life from that time to the end was such that her death is thought to have been a mercy.

Since Mrs. West came to East Liverpool a few months ago she has been

HE WAS BADLY CUT ON WRIST AND ABDOMEN

George Cain, a young man about 22 years old, is lying at the home of his mother in Church alley, just west of Washington street, in a very serious condition from knife wounds in his abdomen and across his right wrist.

According to Cain's statements, he is the victim of a rather mysterious assault, made upon him by a stranger, after an altercation over a trivial matter, but in which hot words were passed. The assault was made yesterday afternoon about 1 o'clock in Center alley, between Jackson and Jefferson streets.

Cain, who is employed as a batter-out at the Cartwright pottery, has not been working lately and yesterday noon he walked to the West End of the city to look at the river, wishing to learn if there was good skating. He met a man, whom he states is a stranger and after engaging in conversation Cain cast some aspersions upon people who live in shanty boats. Evidently the stranger is a resident of the house boat district for he resented the words and the men were soon involved in a quarrel. The stranger was very angry and when Cain left him he threatened vengeance.

Cain, a few minutes after this occurrence, started home by the way of Center alley and when he reached a point about half-way between Jackson and Jefferson streets, he was confronted with the stranger. Evidently the stranger had been lying in wait for him for the purpose of settling the argument, for without a word Cain found himself the object of a vicious attack.

The stranger was armed with a knife and before the fight had been in progress a minute had used it with telling effect on Cain's right wrist. Cain, who has quite a reputation as a boxer, felled his assailant with a terrific blow and following up the advantage he jumped on the prostrate form, seizing the hand that held the knife. At this

point a woman, whose identity has not yet been learned, interceded. It was her intention to put an end to the conflict and with a frightened cry of "Don't kill him," she clutched Cain's arm so that he had to release his grip on the hand that held the knife.

Gathering all the strength possible from his prostrate position the stranger made a lunge at Cain, who received the sharp blade in his abdomen. Cain fell like a log and the startled woman cried, "You've killed him; you will be in jail before night." The man made all haste to leave the spot, saying to the woman, "They'll have to catch me first." Cain, after lying on the ground several minutes, started for the office of a physician, walking with great difficulty. On Market street he met two friends who assisted him to the office of Dr. Aaron Ogden, on Fifth street.

An examination showed that an artery in the wrist had been severed causing the wound to bleed profusely. This cut, while painful, is not serious. The knife penetrated the abdomen for a distance of at least an inch, making a jagged wound and is of a very serious nature. Dr. Ogden visited the injured man last night to give the wounds further care. Unless there are complications, Cain will recover, but he will be laid up for several weeks.

The injured man made every effort to keep the affair a secret and for this reason he did not inform the police. Officer Hugh McDermott, who is the night man on the beat where the affair occurred, learned of it this afternoon, and although not on duty, he went to the Cain home, where he was told practically the same story as given above. Officer McDermott, from the description Cain gave of his assailant, thinks that he can establish his identity, although the chances of his being apprehended are slim. It is the opinion of the officer that the assailant was so badly frightened over his deed that he lost no time in leaving the city.

## MRS. WEST'S UNHAPPY LIFE COMES TO A TRAGIC END

The Dose of Poison Taken By the Unfortunate  
Woman Proved Fatal Yesterday  
Afternoon.

Having taken the heavy dose of morphia for the purpose of ending her eventful and not too pleasant life, Birdie West died at the home of Charles Richardson last evening after having suffered 24 hours of the most terrible tortures to which she could have been subjected. The details leading up to the rash action were chronicled exclusively in the News Review last evening, and there remains little else to be told.

For the number of years that she lived Birdie West can be said to have lived a serene life. Though not yet 35 years of age, she had trials and experiences which would have been a revelation to any woman of twice her age. She was the daughter of Mr. and Mrs. Templeton Pugh, who resided for many years in Hancock county, W. Va. She was the mother of two children when she married Samuel West several years ago. They then resided in New Cumberland, and apparently got along peaceably and well. Mrs. West, it is said, became addicted to strong drink in her early married life, and to this alone can be attributed her downfall.

Her escapades have been recorded by the papers of Wheeling, Steubenville and East Liverpool from time to time during the past few years, and in each case the cause could be readily traced to her unfortunate fondness for rum. While yet a resident of New

Cumberland there occurred an incident which changed the entire trend of the woman's life and made her an outcast even from the immediate family and the associates of her childhood. Returning home one evening from a long and tedious day's work, the husband found his wife in the arms of another man. The intruder proved to be Marshall Hobbs, one of the best known young men of the Panhandle district. West became furious at what he believed to be the unfaithfulness of his wife and the deceit of a friend, and shot Hobbs, leaving him for dead. He gave himself up, and was later indicted by the grand jury of Hancock county for shooting with intent to kill. Hobbs was taken to a Steubenville hospital, and not long after was discharged from the institution a well man. Public sentiment was so strongly in West's favor that he was acquitted when his case came to trial a few weeks later.

West refused to have anything to do with his wife after that, and they lived apart. The children were turned over to Mrs. West's parents, who then resided in West Virginia, but who have since moved to East Liverpool. The wife's life from that time to the end was such that her death is thought to have been a mercy.

Since Mrs. West came to East Liverpool a few months ago she has been

NO TROUBLE TO ANSWER QUESTIONS.

*No trouble to answer questions. The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over 35 years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. ### THE TELEPHONES IN POSTOFFICES

No Monopoly in That Line According to the Present Understanding.

### A REPORT IS CIRCULATED

That All Independent Lines Not Running into Washington Are Tabooed. Postmaster Surles Has Not Received Such an Order.

The opponents of the independent telephone company have been industriously circulating a report to the effect that all telephones owned by that company and in use in the postoffices throughout the United States, have been ordered out by the department at Washington. To back this argument up a special from the national capital is quoted. The Washington message is as follows:

"Postmaster General Payne issued an order today which is worth money to the Bell telephone monopoly. He ordered all postmasters to discontinue with all telephones furnished by companies that have no lines into Washington. As the Bell company is the only one that has a system in this city, and as it has such a main hold upon congress that no independent company can get into the capital city the order means that none but Bell phones may be used in postoffices.

"The order was issued because of a row in the postoffice at Cleveland, which city is the headquarters of the independent telephone interests. This order of the postmaster general will no doubt be far reaching and will mean the loss of thousands of phones to the independent companies."

A News Review reporter interviewed Postmaster W. H. Surles this morning, and in reply to the question as to whether he had received an order of that character, he said:

"No, sir; I have not, nor do I think I ever will. The department at Washington has a rule, I believe, which says that not more than one instrument shall be used in any one office. This is a good regulation, and when one looks at it in the right light, is just. No office of the size and importance of East Liverpool needs more than one. We have the Columbian here and it gives good satisfaction."

From other parts of the county come reports that, though the incumbents of the local branches have seen the alleged order from Washington and are expecting it to come to them in an official way, no word has yet been received. The postmasters of this section have no telephonic communication with the department at Washington, and their telephones are merely used for local purposes, so many of them are at a loss to determine how the service in the District of Columbia could possibly affect them.

### COLUMBIANA SHOULD NAME A DELEGATE

John S. McNutt Urged to Represent This County at the National Convention.

Since the inauguration of Governor Herrick last Monday at Columbus there has been considerable talk among Republicans throughout the state as to the personnel of the Ohio delegation to the national Republican convention, to be held in Chicago. In this, the Eighteenth Ohio district, which is entitled to two members, it is generally conceded that Columbiana and Stark counties are entitled to name the delegates for the reason that Mahoning county furnishes the present congressman.

The many friends of John S. McNutt, chairman of the Republican central committee of Columbiana county, have been urging him to become a candidate for the honor of representing Columbiana county in the district delegation, says the Salem News. Upon being interviewed in regard to this matter, Mr. McNutt said that he would appreciate such recognition and was willing that his Republican friends should consider him a candidate for a place on the delegation.

As the official head of the party organization in the county it is fitting that Mr. McNutt should be given this recognition of long and faithful service, and it is conceded that no one would better voice the sentiments of the people of the district.

**A Timely Suggestion.**  
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get it. It always cures. Sold by Alvin H. Bulger.

### Among the Potteries and Allie Industries

#### A BIG MEETING.

One of the biggest and best meetings in the history of No. 17 was held Saturday night business of unusual importance was transacted. The attendance, too, was larger than for many months. The important feature of the meeting was the consideration of the new by-laws of the local, which has been made necessary by the new scale and regulations of the two-year agreement. The new by-laws differ radically from the old in many respects, but the committee from the local who had the work in charge found the changes necessary to meet the new conditions. The work of the committee was satisfactory to the body and with but little discussion the by-laws were adopted. The kindred workers think they now have a set of rules fair to the local and to the Brotherhood.

Among other business there were two applications for membership, one re-instatement and two applications for reinstatement. The preparations for the smoker to be given by No. 17 were taken up and many of the details were entrusted to the different members. The date of the affair has been fixed for next Saturday night. President T. J. Duffy, of the N. B. of O. P., has accepted an invitation to be present and will make a brief address upon matters pertinent to union labor. An interesting program will be arranged, and those who are to be favored with invitations are assured of a pleasant and profitable evening.

#### POTTERY NOTES.

McNicol's will ship a solid car of ware to a Louisville patron tomorrow. Miss Linda Hart, of the warehouse at McNicol's, has returned from a visit with friends near Fairview. Mrs. Florence McKee, of the warehouse at McNicol's, has been detained at home several days owing to the illness of her son John. Clark Stillwell, teamster at McNicol's, is receiving congratulations over the arrival of a fine girl baby at his home in Chester Saturday evening.

## EAST END

### A NEW INDUSTRY FOR THE EAST END

Glass Factory to Manufacture Table Ware May Be Established in That District.

If the carefully laid plans of a number of prominent East End citizens do not miscarry, a valuable addition to the industries of this section will be made. For several months these men, who possess and control considerable of this world's goods, have been trying to locate a glass factory for the manufacture of table ware, and now they are of the opinion that the project is about to be realized. An option has already been secured on a strip of ground in the Midway Land company's addition and it is said to be an excellent site for such a manufactory.

The projectors, who are willing to put considerable capital in such a plant, are trying to interest other local capital and believe that they are in a fair way to succeed. They are confident that such a venture would pay a good dividend and for this reason they are trying to secure such help as is needed at home. They reason that the immense crockery trade of the city will prove a big help, as many crockery jobbers, who also deal in glassware, come to this city to buy. The proposed site has a frontage of 237 feet on the main line of the C. & P. railroad and is nicely located. The necessary buildings can be erected there at a minimum cost and all the conditions are favorable.

One of the projectors stated this morning that he and his associates are in communication with a practical glass man who will invest in the enterprise.

#### AT THE THEATER

Mary Emerson will be seen at the Grand Friday night. The play will be "His Majesty and the Maid," the romantic costume play in which she was seen here earlier in the season. The attraction will be on the whole much stronger than when it was seen here before. The company has been strengthened in every way.

To miss seeing the latest English dramatic and musical comedy novelty, entitled "Dare Devil Dorothy," would not only handicap you next day when that topic became the one subject of conversation, but you would have

## Dr. Greene's Nervura

the world's greatest tonic and female regulator. Both before and after baby's coming Dr. Greene's Nervura is invaluable.

Mrs. Jennie S. Randall, of Bloomington St., Chelsea, Mass., says:

"Four years ago, after the birth of my baby girl, I was left with nervous prostration. I was very bad indeed. I was so weak and miserable I could not walk across my kitchen. I tried a great many remedies and doctored with many doctors, but grew worse all the time.

"One day some kind friend told my husband to get a bottle of Dr. Greene's Nervura. Before I had taken the first bottle, I began to feel better. I could sleep better and that awful, blue, depressed feeling was less. I continued its use until I had taken seven bottles and I was a well woman.

"Nothing tires me now, and I wake in the morning from a most refreshing sleep and with a perfectly rested feeling. Dr. Greene's Nervura cures, and the best part of it is you remain cured."

missed seeing a performance unlike any other which has ever played an engagement in this city. An especially selected cast of English and American actors, singers, dancers and vaudeville artists. At the Grand tonight.

"For Her Children's Sake," by Theodore Kremer, author of "The Fatal Wedding," which will be the attraction at the Grand next Saturday night, is a well told tale of the ups and downs of life and the lights and shadows of character. The introduction of a circus element at once original and effective, adds a charm to the drama.

From sire to son the names of Jefferson and "Rip Van Winkle" will live and be classed among the best in the annals, as the mantle of genius which has been handed down for five generations, has fallen to Thomas Jefferson, the fifth, and he has proven himself a worthy successor to his great father, Joseph Jefferson, who is still the most admired actor of the American stage, and to the other great Jeffersons who have acted before. At the Grand tomorrow night.

The Phelan stock company is announced for a week's stay at popular prices at the Grand opera house commencing next Monday. In addition to the dramatic portion of the entertainment, a number of high-class vaudeville entertainers have been engaged, and specialties will be given between the acts of each play, making the performance continuous.

There is more Ca-mach in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Ca-mach to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### PEACE NOW PROBABLE.

Japan and Russia Are Approaching Agreement on Disputed Points.

St. Petersburg, Jan. 19.—The Associated Press correspondent on high authority is able to give the following as the present status of the negotiations between Russia and Japan:

Russia recognizes Japan's predominance in Korea and Japan recognizes Russia's special position in Manchuria. There are two main questions still at issue—the Russian demand for a neutral zone on the Korean side of the Yalu river, which Japan met with a proposal for the similar neutral strip on the Manchurian side. Japan also asks for certain guarantees covering Manchuria which Russia thus far has declined to grant. It is pointed out, however, that the assurances given a few days ago by Russia regarding open ports in Manchuria and respect for treaty rights is a concession on this point.

That the two countries are not so far apart may be fairly inferred from the following statement made by Kurino, the Japanese minister, to the Associated Press correspondent: "War now would only be disastrous to both countries. Owing to the geographical situation an armed conflict would result in a great drain on the men and treasure of both Japan and Russia without being decisive. Besides, I believe it would not be worth while to go to war on the questions still in dispute."

### CHARGED WITH NEPOTISM.

Letter Criticizing Bristow Read in the Lower House.

Washington, Jan. 19.—The house, while in committee of the whole, discussed the postoffice scandal, Mr. Bartlett of Georgia introducing a letter from M. W. Louis, who felt aggrieved at certain statements in the Bristow report.

Mr. Bartlett previous to its reading said that he had advised Mr. Bristow of the nature of the letter and that Mr. Bristow had said to him that his father and son had been regularly appointed. The letter written by Mr. Louis protests against statements in the Bristow report, and among other things says: "Mr. Bristow himself injected into the classified service without examination more than 50 persons, some of them postoffice inspectors employed in this very investigation, and among them his own father, who was appointed as a \$600 laborer on March 5, 1901, charged to the Sixth congressional district of Kentucky, and who now draws \$1,600 a year as a postoffice inspector in the Denver, Col., postoffice, and also his own son, who during his school vacation drew a salary at the rate of \$720 a year in the postoffice at Washington, D. C."

"It is not amiss to state that even now Mr. Bristow's father is not performing inspector's duties and that the son performed no work at all to warrant the payment of a salary."

Resolutions looking to an investigation by congress of the postoffice department were laid before the senate and Mr. Hale addressed that body in defense of the administration and in criticism of the Democratic side concerning the insufficiency of the Bristow inquiry. He declared there never had been so ruthless an investigation as that which had exposed the frauds in the postoffice department. Mr. Hale said it had been settled by general consent that all of the resolutions coming from different senators should be sent to the committee on postoffices and postroads for consideration. He believed that to be the most suitable way of proceeding, inasmuch as the chairman of that committee had given assurance that the resolutions would be reported promptly.

### SUPERIOR NEWS SERVICE.

"The superiority of the Crisis in news matters is well known," says that modest newspaper. Known to whom? We know that paper killed the pope at least a month before he died, but we thought that was its last attempt at being newsy. But when the Crisis intimates that the News Review is or has been guilty of stealing from its columns, it is deliberately falsifying, and ought to have sense enough to know it. We are not following in the footsteps of our moribund contemporary, which was once tried at the bar of public opinion and convicted of stealing from the News Review. Besides, if we were looking for news, the columns of the Crisis would be the last place where we would seek it. No exchange that comes to this office is so little read as that one. The Willie Richardson item of which it makes so much was in our office and in type quite as early as it was in the Crisis office. We had an account of the accident in less than 15 minutes after it happened—and a far better one than the Crisis had, with all its boasting. But because the cheerful idiot who writes Crisis paragraphs, by some accident, got hold of a copy of our first edition, printed before Willie Richardson was hurt, he imagines that it was not in our paper at all.

Poor, puny, pusillanimous, puling paragrapher! He probably does not know what a second edition is. The Crisis used to know, when it had a circulation, and ought yet to be aware, that it is customary with real newspapers to "make the mails" with as complete a paper as possible and put all the latest news up to press time into the city edition. The News Review does this every day. It is the only way that all our subscribers can be reached on time. If we had only

1,300 patrons to serve we might delay publication a half hour longer.

Where was the Crisis "superior news service" yesterday? Evidently gone to join the leased wire. That paper contained no mention of the East End holdup, the Birdie West suicide, the mayor's order against overcrowding the Methodist church, or a dozen other matters of live news that were laid before News Review readers in both editions of this paper. The day is rare when the News Review does not have half a dozen or more "scoops" to its credit.

News service, indeed! We often wonder if the Crisis knows what news is. Certainly news happens all around it and that paper never sees it. Go and show your "superiority" again, as you did last week, by telling your handful of subscribers about the dynamiting of Thomas Wern's house at Fairview, detailed three months previously in these columns. Every time you mention news you make yourself ridiculous and call attention to your own shortcomings. Soak your head, then count the "scoops" in today's News Review and file them away for use three months later, if you should be lucky enough to survive your present attack of infant colic.

Sheriff Trescher says: "Kruger is no more insane than I am." The assertion is quite likely to go undisputed, whatever the verdict of the lunacy inquest.

More citizens are heeding the advice of the News Review and scattering pottery "grog" on icy sidewalks. They are true philanthropists.

Discretion is the better part of valor, and Japan will undoubtedly decide wisely if she decides not to fight Russia.

It is quite evident that Willie Bryan is determined to do the Casablanca act with the Kansas City platform.

Doesn't seem as if the north pole were far distant now, does it?

### OBITUARY

#### Mrs. O. M. Pierce.

Mrs. O. M. Pierce, aged 32, died at her home, North Third street, Steubenville, last night, after a year's illness. She is survived by a daughter, aged 14, and her husband, who is an engineer at the Mingo plant of the United States Steel company. Mrs. Pierce was a daughter of Mr. and Mrs. D. Pittinger, of Nevada street, Wellsville. The body will be brought to the home of her parents for burial, probably tomorrow. Definite arrangements for the funeral are not completed.

### NEWS WELL HANDLED

The News Review Receives High Praise from an Authority on Newspaper Making.

A feature of which the East Liverpool (O.) News Review has good reason to be proud is the manner in which they handle the local news and country correspondence. Even the stress and hard work of the Christmas special of 48 pages, issued on December 18, did not cause them to lose sight of this. The issue was splendid, abounding in timely news and miscellany well handled.—Newspaperdom.

### FRIENDS AND VISITORS

Mrs. J. A. Sayre, of Meigs county, is in the city visiting friends.

### SOCIAL EVENTS

#### St. Stephen's Club Reception.

The Young Men's Social club of St. Stephen's church tendered a most enjoyable reception to the young ladies of the church last evening. There were about 300 present and all were delighted with the entertainment, which consisted of music, games and refreshments. At the conclusion of the program the Girls' Friendly society of the church presented the club two valuable oil paintings, which were much appreciated by the members of the club. The new club rooms in the Croxall building are furnished in exquisite taste. The guests were received by the following reception committee: Rev. Edwin Weary, W. W. Webster, George Smith, Charles Heath and Thomas Winkle.

#### Elks' Poverty Ball.

Arrangements have been completed for the Elks' dance to be given this evening in the Elks' club rooms. It is understood that the event will be a "rag time hop," or as some times called "a poverty ball." There will be considerable merriment over the costumes of those present which will not consist of the most fashionable Parisian styles, but on the contrary there will be many old fashioned and ridiculous costumes at the "rag time hop." The dance promises to be one of the most enjoyable of the season.

#### A Divorce is Decreed.

Lisbon, January 19.—(Special).—Judge Hole allowed a divorce decree this morning in the case of Hugh Phillips, of Wellsville, vs. Mildred Phillips, the testimony in which was heard yesterday afternoon. The parties were married at Salineville, May 1897, and have one child, James Phillips, five years old. Divorce was granted on grounds of wilful absence. Charles Boyd, of Wellsville, was the plaintiff's attorney.

#### Authorized to Adopt.

Lisbon, January 19.—(Special).—George and Mary Kachner, of East Palestine, have been authorized to adopt as their own son Hiram Mankin, the minor child of Lot and Ann Mankin, the mother being dead. The child is one year old and its name is changed to Hiram George Kachner.

### NEW TAX SYSTEM NEEDED.

Prominent West Virginians Undertake to Draw Up a Plan.

Washington, Jan. 19.—About 100 prominent Republicans from West Virginia have conferred with Senators Elkins and Scott and the delegation in congress from that state with a view to arriving at some conclusion of the question of an equitable system of taxation for the state. The matter was referred to a general committee, consisting of Senators Elkins and Scott, W. P. Hubbard, George C. Sturgess, S. G. Smith, Judge Reese Blizard, J. L. Caldwell, A. G. Dayton, C. F. Teter and Secretary of State Dawson.

This committee decided to delegate the preparation of a scheme of taxation to a sub-committee composed of Messrs. Dayton, Hubbard, Sturgess and Blizard. The general committee agreed to recommend to Governor White that he call a special session of the legislature about April 1 to consider its report.

## RED HAired STRANGER IS A SWINDLER

Victimizes the Trusting By Representing Himself as a Water Works Employee.

Report was made to Chief Wyman of the operations in the city of a swindler who has succeeded in victimizing a number of people. He is said to be about 35 years of age, with red hair. His game has been to approach a house, inform the lady of the domicile that he is in the employ of the water works department of the city and telling her that owing to a break in the main she must secure all the water she needs for a few hours, as he must repair the main.

A short time later he again calls at the house and asks the woman for change for a \$5 bill, saying that he has a laborer working for him whom he wants to discharge and before doing so must pay him \$1. The women have been taken in easily, generally not having the change and lending him the dollar. Of course they never see him again. He has also been short changing them and it is said been passing counterfeit money on them.

## CERTIFICATES GRANTED TO SCHOOL TEACHERS

Successful Applicants at the Examination Recently Held in Wellsville.

Lisbon, January 19.—(Special).—Certificates have been granted as follows to the successful applicants to the teachers examined in Wellsville January 2:

For three years—F. S. Williamson, R. E. Simmers.

For two years—R. W. Armstrong, Mrs. Clara Hartsough, James Gruber, W. C. Thompson, C. C. Meek, Lillie Metts, A. S. Wilson, Raymond Meek, Carl C. Bunn.

For one year—Eva C. McCord, Myra J. Calvin, Bertha Wright, Margery Huffman, Pearl Scott, Glenn E. Osborn, Ella O. Derringer, Mattie King, Mary McGillivray, Lucille Leykauff, Elizabeth Hays, N. S. Wilson, Dora Lones, Nellie H. Martin, Fred Glenn, Janet O. Kerr.

The next examination will be held in Leontonia the first Saturday in February.

## JACKSON CONFESSED BEING A DESERTER

Enlisted While Drunk And Is Now Weary of a Soldier's Life.

Chief Wyman left this morning for Pittsburgh with William W. Jackson, who deserted from the barracks of the United States army at St. Louis. Jackson will be turned over to the United States officials in the Smoky City. Jackson acknowledged last evening that he was the man wanted by the authorities at St. Louis, but thinks he should get a discharge.

He said he enlisted in Pittsburgh while intoxicated and as his wife and several children need his support he is very anxious to get back with them permanently. He has a horror of soldier life, stating that he would rather a hundred times be confined in the city jail than in the barracks.

### TO CHOOSE A PASTOR

Meeting of Presbyterians Tomorrow Night to Select Rev. C. G. Jordan's Successor.

A congregational meeting will be held at the Presbyterian church tomorrow evening, at which it is expected a successor Rev. C. G. Jordan will be selected. The candidates are: Rev. W. R. Alexander, Argyle, Ill.; Rev. Mr. McMillan, Adrian, Mich.; Rev. Mr. Alford, Philadelphia; Rev. Mr. Bradshaw, Brockwayville, Pa.

In the published lists of candidates the name of Rev. Mr. Alexander has to the present been omitted, and it was thought by his friends in the congregation he was not receiving a fair show.

#### Judgment for \$125 Asked.

Lisbon, January 19.—(Special).—Lester Laughlin, through his attorneys, Smith & Lones, of Wellsville, has filed suit here against Charles Montooth, of Salineville, asking judgment for \$125 with interest from December, 1902. The plaintiff alleges that he delivered to the defendant a Detroit physical cabinet upon an agreement that the defendant should return the instrument to the plaintiff on demand. Laughlin says that he demanded the return of the cabinet, but Montooth refused to comply and has been using the machine ever since.

Officer Burgess Recovering. Sanitary Policeman John Burgess, who has been confined to his home on Third street for the past two weeks, the result of injuries sustained in a fall, is able to be out today, though still in great pain for his hurts. It will be several weeks before he fully recovers. Officer Burgess sustained fractures of two ribs in the fall and was otherwise bruised and injured.

## MRS. WEST'S SAD LIFE COMES TO TRAGIC END

Continued from First Page.

spending her time between her parents' home and that of her married sisters. She was a good housekeeper, and often worked out for a short time. Here, again, her intemperance was her main drawback, until recently she took to the dope habit. She is thought to have taken an overdose of the stuff on Sunday afternoon with suicidal intent. The drug did its work well, and her death occurred shortly after 4 o'clock yesterday afternoon. Mrs. West, with all her shortcomings, was known as a kind-hearted woman, generous to a fault, her only enemy being strong drink.

Mrs. West's relatives have been endeavoring to locate her husband, and last evening learned that he was working in the Carrollton pottery. It is their desire that he be made to pay the funeral expenses, and last evening one of the sisters of the dead woman called upon Mayor Weaver with the request that he take some steps to compel the husband to settle the expenses. The mayor was ignorant of the law and referred the woman to a justice of the peace. After one more unsuccessful attempt to interest some one in the matter, she sought the aid of Justice J. N. Rose. The latter is one of the best informed justices in the state, and quickly acquainted the woman with the powers his court would have in the case.

West has a divorce action pending at New Cumberland, and since no decree has yet been rendered, it is the opinion of the justice that he could be made to pay for the expense of the burial. It is also held that even though West is not the father of the two children, he is bound to contribute to their support because, in marrying their mother, he assumed the position of step-father or guardian. However, the family have showed no disposition to push the case since their visit to the 'squire last night, and unless they do it is likely the entire matter will be dropped.

Mrs. West is survived by her two children, her parents and the following brothers and sisters: Mrs. Charles W. Richardson, Mrs. George McConnell, Mrs. Della Witherow, Miss Maude Pugh, Thomas and Charles Pugh.

Funeral services will be conducted from the Richardson home at 10 o'clock tomorrow forenoon, with interment in Riverview cemetery.

### LITTLE CRIPPLE PERISHED.

Trampled to Death in Rush to Escape from Burning School.

Dayton, O., Jan. 19.—The Allen school building in North Dayton was gutted by flames which originated in the basement. The 400 pupils were gotten out safely with the exception of Edna Baum, a little cripple in the first grade, who was thrown down, trampled and fatally injured in the panic.

A man at work in the basement is missing and is believed to have been burned to death.

Findlay, O., Jan. 19.—The Turner's opera house of this city was totally destroyed by fire. The loss is estimated at \$40,000. The building was occupied by the Glessner Medicine company and two other firms. The fire, which broke out on the third floor, was started by a defective flue.

### PICTURES FOR OBERLIN.

Olney Art Collection Goes to College Now Widow Is Dead.

Cleveland, Jan. 19.—Abigail Bradley Olney, widow of the late Prof. Charles F. Olney, is dead of heart failure. Prof. Olney died six months ago.

By the will of her late husband, which, it is believed, has not been changed, the Olney art gallery, one of the finest small art collections in the country, is bequeathed to Oberlin college, together with \$10,000 for its maintenance.

## SUPERIOR NEWS SERVICE.

"The superiority of the Crisis in news matters is well known," says that modest newspaper. Known to whom? We know that paper killed the pope at least a month before he died, but we thought that was its last attempt at being newsy. But when the Crisis intimates that the News Review is or has been guilty of stealing from its columns, it is deliberately falsifying, and ought to have sense enough to know it. We are not following in the footsteps of our moribund contemporary, which was once tried at the bar of public opinion and convicted of stealing from the News Review. Besides, if we were looking for news, the columns of the Crisis would be the last place where we would seek it. No exchange that comes to this office is so little read as that one. The Willie Richardson item of which it makes so much was in our office and in type quite as early as it was in the Crisis office. We had an account of the accident in less than 15 minutes after it happened—and a far better one than the Crisis had, with all its boasting. But because the cheerful idiot who writes Crisis paragraphs, by some accident, got hold of a copy of our first edition, printed before Willie Richardson was hurt, he imagines that it was not in our paper at all.

Poor, puny, pusillanimous, puling paragraph! He probably does not know what a second edition is. The Crisis used to know, when it had a circulation, and ought yet to be aware, that it is customary with real newspapers to "make the mails" with as complete a paper as possible and put all the latest news up to press time into the city edition. The News Review does this every day. It is the only way that all our subscribers can be reached on time. If we had only

1,300 patrons to serve we might delay publication a half hour longer.

Where was the Crisis "superior news service" yesterday? Evidently gone to join the leased wire. That paper contained no mention of the East End holdup, the Birdie West suicide, the mayor's order against overcrowding the Methodist church, or a dozen other matters of live news that were laid before News Review readers in both editions of this paper. The day is rare when the News Review does not have half a dozen or more "scoops" to its credit.

News service, indeed! We often wonder if the Crisis knows what news is. Certainly news happens all around it and that paper never sees it. Go and show your "superiority" again, as you did last week, by telling your handful of subscribers about the dynamiting of Thomas Wern's house at Fairview, detailed three months previously in these columns. Every time you mention news you make yourself ridiculous and call attention to your own shortcomings. Soak your head, then count the "scoops" in today's News Review and file them away for use three months later, if you should be lucky enough to survive your present attack of infant colic.

Sheriff Trescher says: "Krugger is no more insane than I am." The assertion is quite likely to go undisputed, whatever the verdict of the lunacy inquest.

More citizens are heeding the advice of the News Review and scattering pottery "grog" on icy sidewalks. They are true philanthropists.

Discretion is the better part of valor, and Japan will undoubtedly decide wisely if she decides not to fight Russia.

It is quite evident that Willie Bryan is determined to do the Casablanca act with the Kansas City platform.

Doesn't seem as if the north pole were far distant now, does it?

## OBITUARY

Mrs. O. M. Pierce.  
Mrs. M. M. Pierce, aged 32, died at her home, North Third street, Steubenville, last night, after a year's illness. She is survived by a daughter, aged 14, and her husband, who is an engineer at the Mingo plant of the United States Steel company. Mrs. Pierce was a daughter of Mr. and Mrs. D. Pittinger, of Nevada street, Wellsville. The body will be brought to the home of her parents for burial, probably tomorrow. Definite arrangements for the funeral are not completed.

## NEWS WELL HANDLED

The News Review Receives High Praise from an Authority on Newspaper Making.

A feature of which the East Liverpool (O.) News Review has good reason to be proud is the manner in which they handle the local news and country correspondence. Even the stress and hard work of the Christmas special of 48 pages, issued on December 18, did not cause them to lose sight of this. The issue was splendid, abounding in timely news and miscellaneous well handled.—Newspaperdom.

## FRIENDS AND VISITORS

Mrs. J. A. Sayre, of Meigs county, is in the city visiting friends.

Richard W. Bell left last evening for Kansas City, Mo., on a short business trip.

## SOCIAL EVENTS

### St. Stephen's Club Reception.

The Young Men's Social club of St. Stephen's church tendered a most enjoyable reception to the young ladies of the church last evening. There were about 300 present and all were delighted with the entertainment, which consisted of music, games and refreshments. At the conclusion of the program the Girls' Friendly society of the church presented the club two valuable oil paintings, which were much appreciated by the members of the club. The new club rooms in the Croxall building are furnished in exquisite taste. The guests were received by the following reception committee: Rev. Edwin Weary, W. W. Webster, George Smith, Charles Heath and Thomas Winkle.

### Elks' Poverty Ball.

Arrangements have been completed for the Elks' dance to be given this evening in the Elks' club rooms. It is understood that the event will be a "rag time" hop, or as some times called "a poverty ball." There will be considerable merriment over the costumes of those present which will not consist of the most fashionable Parisian styles, but on the contrary there will be many old fashioned and ridiculous costumes at the "rag time hop." The dance promises to be one of the most enjoyable of the season.

### A Divorce is Decreed.

Lisbon, January 19.—(Special.)—Judge Hole allowed a divorce decree this morning in the case of Hugh Phillips, of Wellsville, vs. Mildred Phillips, the testimony in which was heard yesterday afternoon. The parties were married at Salineville, May 1897, and have one child, James Phillips, five years old. Divorce was granted on grounds of wilful absence. Charles Boyd, of Wellsville, was the plaintiff's attorney.

### Authorized to Adopt.

Lisbon, January 19.—(Special.)—George and Mary Kachner, of East Palestine, have been authorized to adopt as their own son Hiram Mankin, the minor child of Lot and Ann Mankin, the mother being dead. The child is one year old and its name is changed to Hiram George Kachner.

### NEW TAX SYSTEM NEEDED.

Prominent West Virginians Undertake to Draw Up a Plan.

Washington, Jan. 19.—About 100 prominent Republicans from West Virginia have conferred with Senators Elkins and Scott and the delegation in congress from that state with a view to arriving at some conclusion of the question of an equitable system of taxation for the state. The matter was referred to a general committee, consisting of Senators Elkins and Scott, W. P. Hubbard, George C. Sturgess, S. G. Smith, Judge Reese Blizard, J. L. Caldwell, A. G. Dayton, C. F. Peter and Secretary of State Dawson.

This committee decided to delegate the preparation of a scheme of taxation to a sub-committee composed of Messrs. Dayton, Hubbard, Sturgess and Blizard. The general committee agreed to recommend to Governor White that he call a special session of the legislature about April 1 to consider its report.

## RED HAIRD STRANGER IS A SWINDLER

Victimizes the Trusting By Representing Himself as a Water Works Employee.

Report was made to Chief Wyman of the operations in the city of a swindler who has succeeded in victimizing a number of people. He is said to be about 35 years of age, with red hair. His game has been to approach a house, inform the lady of the domicile that he is in the employ of the water works department of the city and telling her that owing to a break in the main she must secure all the water she needs for a few hours, as he must repair the main.

A short time later he again calls at the house and asks the woman for change for a \$5 bill, saying that he has a laborer working for him whom he wants to discharge and before doing so must pay him \$1. The women have been taken in easily, generally not having the change and lending him the dollar. Of course they never see him again. He has also been short changing them and it is said been passing counterfeit money on them.

## CERTIFICATES GRANTED TO SCHOOL TEACHERS

Successful Applicants at the Examination Recently Held in Wellsville.

Lisbon, January 19.—(Special.)—Certificates have been granted to the successful applicants to the teachers examined in Wellsville January 2:

For three years—F. S. Williamson, R. E. Simmers.

For two years—R. W. Armstrong, Mrs. Clara Hartsough, James Gruber, W. C. Thompson, C. C. Meek, Lillie Metts, A. S. Wilson, Raymond Meek, Carl C. Bunn.

For one year—Eva C. McCord, Myra J. Calvin, Bertha Wright, Margery Huffman, Pearl Scott, Glenn E. Osborn, Ella O. Derringer, Mattie King, Mary McGilivray, Lucille Leykauff, Elizabeth Hays, N. S. Wilson, Dora Lones, Nellie H. Martin, Fred Glenn, Janet O. Kerr.

The next examination will be held in Leetonia the first Saturday in February.

## JACKSON CONFESSED BEING A DESERTER

Enlisted While Drunk And Is Now Weary of a Soldier's Life.

Chief Wyman left this morning for Pittsburg with William W. Jackson, who deserted from the barracks of the United States army at St. Louis. Jackson will be turned over to the United States officials in the Smoky City. Jackson acknowledged last evening that he was the man wanted by the authorities at St. Louis, but thinks he should get a discharge.

He said he enlisted in Pittsburg while intoxicated and as his wife and several children need his support he is very anxious to get back with them permanently. He has a horror of soldier life, stating that he would rather a hundred times be confined in the city jail than in the barracks.

## TO CHOOSE A PASTOR

Meeting of Presbyterians Tomorrow Night to Select Rev. C. G. Jordan's Successor.

A congregational meeting will be held at the Presbyterian church tomorrow evening, at which it is expected a successor Rev. C. G. Jordan will be selected. The candidates are: Rev. W. R. Alexander, Argyle, Ill.; Rev. Mr. McMillan, Adrian, Mich.; Rev. Mr. Alford, Philadelphia; Rev. Mr. Bradshaw, Brockwayville, Pa.

In the published lists of candidates the name of Rev. Mr. Alexander has to the present been omitted, and it was thought by his friends in the congregation he was not receiving a fair show.

### Judgment for \$125 Asked.

Lisbon, January 19.—(Special.)—Lester Laughlin, through his attorneys, Smith & Lones, of Wellsville, has filed suit here against Charles Montooth, of Salineville, asking judgment for \$125 with interest from December, 1902. The plaintiff alleges that he delivered to the defendant a Detroit physical cabinet upon an agreement that the defendant should return the instrument to the plaintiff on demand. Laughlin says that he demanded the return of the cabinet, but Montooth refused to comply and has been using the machine ever since.

### Officer Burgess Recovering.

Sanitary Policeman John Burgess, who has been confined to his home on Third street for the past two weeks, the result of injuries sustained in a fall, is able to be out today, though still in great pain for his hurts. It will be several weeks before he fully recovers. Officer Burgess sustained fractures of two ribs in the fall and was otherwise bruised and injured.

## MRS. WEST'S SAD LIFE COMES TO TRAGIC END

Continued from First Page.

spending her time between her parents' home and that of her married sisters. She was a good housekeeper, and often worked out for a short time. Here, again, her intemperance was her main drawback, until recently she took to the dope habit. She is thought to have taken an overdose of the stuff on Sunday afternoon with suicidal intent. The drug did its work well, and her death occurred shortly after 4 o'clock yesterday afternoon. Mrs. West, with all her shortcomings, was known as a kind-hearted woman, generous to a fault, her only enemy being strong drink.

Mrs. West's relatives have been endeavoring to locate her husband, and last evening learned that he was working in the Carrollton pottery. It is their desire that he be made to pay the funeral expenses, and last evening one of the sisters of the dead woman called upon Mayor Weaver with the request that he take some steps to compel the husband to settle the expenses. The mayor was ignorant of the law and referred the woman to a justice of the peace. After one more unsuccessful attempt to interest some one in the matter, she sought the aid of Justice J. N. Rose. The latter is one of the best informed justices in the state, and quickly acquainted the woman with the powers his court would have in the case.

West has a divorce action pending at New Cumberland, and since no decree has yet been rendered, it is the opinion of the justice that he could be made to pay for the expense of the burial. It is also held that even though West is not the father of the two children, he is bound to contribute to their support because, in marrying their mother, he assumed the position of step-father or guardian. However, the family have showed no disposition to push the case since their visit to the 'squire last night, and unless they do it is likely the entire matter will be dropped.

Mrs. West is survived by her two children, her parents and the following brothers and sisters: Mrs. Charles W. Richardson, Mrs. George McConnell, Mrs. Della Witherow, Miss Maude Pugh, Thomas and Charles Pugh.

Funeral services will be conducted from the Richardson home at 10 o'clock tomorrow forenoon, with interment in Riverview cemetery.

### LITTLE CRIPPLE PERISHED.

Trampled to Death in Rush to Escape from Burning School.

Dayton, O., Jan. 19.—The Allen school building in North Dayton was gutted by flames which originated in the basement. The 400 pupils were gotten out safely with the exception of Edna Baum, a little cripple in the first grade, who was thrown down, trampled and fatally injured in the panic.

A man at work in the basement is missing and is believed to have been burned to death.

Findlay, O., Jan. 19.—The Turner's opera house of this city was totally destroyed by fire. The loss is estimated at \$40,000. The building was occupied by the Glessner Medicine company and two other firms. The fire, which broke out on the third floor, was started by a defective flue.

## WELLSVILLE AND VICINITY

NO DESTITUTION  
IN WELLSVILLE

Mayor Fogo Does Not Believe a Family in the City Is in Want.

According to a statement of Mayor Fogo today there is probably not a destitute family in Wellsville.

Since the first of the year Mayor Fogo has issued only \$6 from the poor fund for needy persons. Not an application has been made to the mayor for help for over a week, notwithstanding the weather of the past two weeks has been quite severe.

"I do not think there is a town along the river, or for that matter in any part of the state, the residents of which are in so good circumstances as are those of this city," said the mayor.

"We formerly paid a poor director \$150 a year," he continued, "to look after these needy folks, and now the office does not pay anything, the mayor having the work in charge. The city saves this salary, and in fact there is very little work to do when it comes to investigating the cases of applicants for assistance."

While all the factories are in operation, save the steel plant, this shows how the people are kept in a good condition financially. It is said that no one need want for work in Wellsville when he wants it.

## BUILDING INSPECTOR

Coming from Columbus to Look at the Condition of Cooper Opera House.

A deputy from the office of the state factory inspector at Columbus is expected in Wellsville by Mayor Fogo within a fortnight, to make a rigid investigation of all public buildings and factories.

One of the places he will visit, it is said, will be the Cooper opera house. It is rumored a number of changes in the opera house may be suggested to the management. While there are two

## HOW HYOMEI HELPS THE HEALTH

Kills the Germs of Grip, Catarrh And Colds, "Costs Nothing if It Fails," Says Will Reed.

"Now that Hyomei can be obtained in nearly every town and city in the country, it is possible to buy from druggists a health giving climate, to be carried in the purse or pocket. By breathing it a few minutes four times a day you can soon cure grip, coughs, colds and even the worst and most chronic cases of catarrh.

Will Reed has seen so many remarkable cures made by the Hyomei treatment, that he sells it with the positive agreement to return the money if it fails to cure.

A complete outfit costs but \$1, and consists of the pocket inhaler, medicine dropper and sufficient Hyomei to last several weeks.

It effects a cure in the worst catarrhal troubles and if breathed at the commencement of a cold or the grip, will check it quickly and prevent sickness. Extra bottles of Hyomei can be obtained for 50 cents.

When breathing through the inhaler, the germ-killing and health-giving Hyomei goes to the most remote cells of the throat and lungs, killing all the catarrhal germs, soothing the irritated mucous membrane and vitalizing the blood with ozone.

At this season of the year, every one should have a Hyomei outfit to prevent and cure catarrhal troubles, and ward off attacks of grip, pneumonia and similar germ diseases.

exits from this hall yet the one about the stage is not near as large as the front entrance.

It has also been suggested that additional precautions for safety be taken regarding the auditorium, by the erection of a fire escape from the third floor from the east side of the building, but it is not probable that the inspector will order or suggest such an improvement.

## THE OFFICES COLD

Complaints From Telephone Company Managers Regarding Lack of Heat.

Complaint was made to the board of public service today by Manager Swaney, of the Bell Telephone company, and by Manager Richardson, of the Columbiana company, because the rooms occupied by these interests are not warm.

Both gentlemen said they would be compelled to place stoves in the operating rooms at city hall unless more heat was provided. This morning it was almost too cold for the operators to work. All kept on their street wraps.

All the windows in the third floor of the building were open this morning, and the heaters were open, allowing all the heat to escape from other parts of the building.

Council is compelled properly to heat the building, according to the lease the companies hold. If stoves are provided by them, the cost will be deducted from the rent.

## FOR FIREMEN'S PLACES

An Examination to Be Held at City Hall on January 25.

Civil service examinations will be held at city hall January 25 for the position of houseman and driver of the new combination patrol and fire wagon, which the city recently ordered. Examinations will also be held for other positions. The fire apparatus, now quartered in the west room of city hall, will be removed about February 1 to the new quarters at Center and Thirteenth streets. The harness for the horse that will be used in the patrol wagon has been purchased, and is now in the office of Mayor Fogo. It is of the most improved pattern.

When the rooms now occupied by the fire department is vacated that hall will probably be sub-divided and used by city officials who now have their offices elsewhere.

## BASEBALL CLUB

Meeting Soon to Be Held to Organize And Equip a Strong Team.

Within the next 10 days a meeting will be held at Wellsville for the purpose of organizing a base ball club to represent the city during the coming season.

It is announced by those interested in the formation of the new club that it is the intention to obtain the best players possible for the team, and no expense will be spared to accomplish this point.

It is said that games will be arranged with all the best clubs in Jefferson and Columbiana counties, and that a series of games will also be arranged with the New Cumberland (W. Va.) club, providing one is established there.

## Peddlers Grumble And Depart.

The high license charged peddlers under the Wellsville ordinances caused two peddlers to leave for Steubenville today. A man and woman, natives of

Scotland, came to Wellsville Monday to sell clocks and dress goods. The woman called on Mayor Fogo yesterday afternoon, at the request of Chief Houser. The high price of the license startled her. This morning her companion called at city hall and said the license prices were "too stiff" and they proposed to go to Steubenville. The couple came here from Philadelphia.

## Doors Open Inward.

It is likely the attention of council will be called to the way the doors leading to the main entrance to the second floor of city hall are hung. These doors open into the building instead of toward the street, as required by the state laws. One city official said today that the doors would likely be ordered changed by the state factory inspector if they are not before he visits the city.

## Health Board Meeting.

To consider the idea of sending a representative to Columbus this week to attend the annual meeting of representatives of boards of health is the purpose of a called meeting of the Wellsville board of health tonight. Last January Dr. Tarr, health officer, was sent to the convention, but it is not his desire to make the journey this year. The board may send another representative in the place of him.

## To Be Buried in Cleveland.

The body of Daniel Purcell, who died at Alliance Sunday as the result of an accident, was taken to Cleveland this afternoon. The body came from Alliance to Wellsville last night and soon afterwards the decision was reached to ship it to Cleveland for burial. Services were held at the First M. P. church by the local chapter of the tribe of Ben Hur.

## Ice Harvest Good.

There is not likely to be an ice famine in Wellsville next summer. Hun-

dreds of tons of ice are being cut from the river and Little Yellow creek, and is being stored in the city. Captain John Porter has men at work cutting ice on the West Virginia side of the river and Calvin Bunting is getting a supply from the Second dam up Little Yellow creek. The end of the ice cutting is not yet in sight.

## Will Ask Receiving Vault.

President Stewart, of the board of public service, will visit council tomorrow night and explain the plan of the endowment of lots in Spring Hill cemetery. At the same time Mr. Stewart will urge council to also construct a receiving vault at this cemetery. This decision was reached at a meeting of the board this morning.

## Supt. McDonald Ill.

Because of the slight illness of Supt. McDonald, of the Wellsville schools, a meeting of the school teachers, which was to have been held last evening, was deferred one week. Prof. McDonald, although able to be at his desk, is suffering from an attack of the grip.

## Nine Mills Are Idle.

Only the plate mill is now in operation at the Wellsville Sheet mill. The nine mills that were in operation up to last Friday night are idle. Employees have received no intimation as to when the full plant will resume and officials of the mill will not talk.

## Nobody in Jail.

The Wellsville jail is without an occupant. The release of the three drunks, who were arrested Saturday, by Mayor Fogo yesterday, cleared the court docket. No one was even given shelter from the cold last night.

## River Bridged By Ice.

An ice bridge has formed in the Ohio river at this city. Throughout the day yesterday many people crossed the river between Wellsville and Conango. Some Virginians think the ice

thick enough to support a team, but so far none have been driven across.

## The Hop a Great Success.

Between 300 and 400 people attended the annual "hop" in the auditorium of city hall last night, given by the Wellsville shops employees. The affair was a success in every detail.

## Death of a Child.

A two-year-old son of Mr. and Mrs. Brock, of Commerce street, died last night of pneumonia. The funeral arrangements are not completed.

## WELLSVILLE AND VICINITY

## NO DESTITUTION

## IN WELLSVILLE

Mayor Fogo Does Not Believe a Family in the City Is in Want.

According to a statement of Mayor Fogo today there is probably not a destitute family in Wellsville.

Since the first of the year Mayor Fogo has issued only \$6 from the poor fund for needy persons. Not an application has been made to the mayor for help for over a week, notwithstanding the weather of the past two weeks has been quite severe.

"I do not think there is a town along the river, or for that matter in any part of the state, the residents of which are in so good circumstances as are those of this city," said the mayor. "We formerly paid a poor director \$150 a year," he continued, "to look after these needy folks, and now the office does not pay anything, the mayor having the work in charge. The city saves this salary, and in fact there is very little work to do when it comes to investigating the cases of applicants for assistance."

While all the factories are in operation, save the steel plant, this shows how the people are kept in a good condition financially. It is said that no one need want for work in Wellsville when he wants it.

## BUILDING INSPECTOR

Coming from Columbus to Look at the Condition of Cooper Opera House.

A deputy from the office of the state factory inspector at Columbus is expected in Wellsville by Mayor Fogo within a fortnight, to make a rigid investigation of all public buildings and factories.

One of the places he will visit, it is said, will be the Cooper opera house. It is rumored a number of changes in the opera house may be suggested to the management. While there are two

## HOW HYOMEI HELPS THE HEALTH

Kills the Germs of Grip, Catarrh And Colds, "Costs Nothing if It Fails," Says Will Reed.

"Now that Hyomei can be obtained in nearly every town and city in the country, it is possible to buy from druggists a health giving climate, to be carried in the purse or pocket. By breathing it a few minutes four times a day you can soon cure grip, coughs, colds and even the worst and most chronic cases of catarrh.

Will Reed has seen so many remarkable cures made by the Hyomei treatment, that he sells it with the positive agreement to return the money if it fails to cure.

A complete outfit costs but \$1, and consists of the pocket inhaler, medicine dropper and sufficient Hyomei to last several weeks.

It effects a cure in the worst catarrhal troubles and if breathed at the commencement of a cold or the grip, will check it quickly and prevent sickness. Extra bottles of Hyomei can be obtained for 50 cents.

When breathing through the inhaler, the germ-killing and health-giving Hyomei goes to the most remote cells of the throat and lungs, killing all the catarrhal germs, soothing the irritated mucous membrane and vitalizing the blood with ozone.

At this season of the year, every one should have a Hyomei outfit to prevent and cure catarrhal troubles, and ward off attacks of grip, pneumonia and similar germ diseases.

exits from this hall yet the one about the stage is not near as large as the front entrance.

It has also been suggested that additional precautions for safety be taken regarding the auditorium, by the erection of a fire escape from the third floor from the east side of the building, but it is not probable that the inspector will order or suggest such an improvement.

## THE OFFICES COLD

Complaints From Telephone Company Managers Regarding Lack of Heat.

Complaint was made to the board of public service today by Manager Swaney, of the Bell Telephone company, and by Manager Richardson, of the Columbiana company, because the rooms occupied by these interests are not warm.

Both gentlemen said they would be compelled to place stoves in the operating rooms at city hall unless more heat was provided. This morning it was almost too cold for the operators to work. All kept on their street wraps.

All the windows in the third floor of the building were open this morning, and the heaters were open, allowing all the heat to escape from other parts of the building.

Council is compelled properly to heat the building, according to the lease the companies hold. If stoves are provided by them, the cost will be deducted from the rent.

## FOR FIREMEN'S PLACES

An Examination to Be Held at City Hall on January 25.

Civil service examinations will be held at city hall January 25 for the position of houseman and driver of the new combination patrol and fire wagon, which the city recently ordered. Examinations will also be held for other positions. The fire apparatus, now quartered in the west room of city hall, will be removed about February 1 to the new quarters at Center and Thirteenth streets. The harness for the horse that will be used in the patrol wagon has been purchased, and is now in the office of Mayor Fogo. It is of the most improved pattern.

When the rooms now occupied by the fire department is vacated that hall will probably be sub-divided and used by city officials who now have their offices elsewhere.

## BASEBALL CLUB

Meeting Soon to Be Held to Organize And Equip a Strong Team.

Within the next 10 days a meeting will be held at Wellsville for the purpose of organizing a base ball club to represent the city during the coming season.

It is announced by those interested in the formation of the new club that it is the intention to obtain the best players possible for the team, and no expense will be spared to accomplish this point.

It is said that games will be arranged with all the best clubs in Jefferson and Columbiana counties, and that a series of games will also be arranged with the New Cumberland (W. Va.) club, providing one is established there.

## Peddlers Grumble And Depart.

The high license charged peddlers under the Wellsville ordinances caused two peddlers to leave for Steubenville today. A man and woman, natives of

Scotland, came to Wellsville Monday to sell clocks and dress goods. The woman called on Mayor Fogo yesterday afternoon, at the request of Chief Houser. The high price of the license startled her. This morning her companion called at city hall and said the license prices were "too stiff" and they proposed to go to Steubenville. The couple came here from Philadelphia.

## Doors Open Inward.

It is likely the attention of council will be called to the way the doors leading to the main entrance to the second floor of city hall are hung. These doors open into the building instead of toward the street, as required by the state laws. One city official said today that the doors would likely be ordered changed by the state factory inspector if they are not before he visits the city.

## Health Board Meeting.

To consider the idea of sending a representative to Columbus this week to attend the annual meeting of representatives of boards of health is the purpose of a called meeting of the Wellsville board of health tonight. Last January Dr. Tarr, health officer, was sent to the convention, but it is not his desire to make the journey this year. The board may send another representative in the place of him.

# REALM OF SPORTS

## THE LOCAL SPORTS ARE ANXIOUS

Tehy Would Like to See a Fight Between Lutz and Jack McClelland.

The sporting element of the city, especially those with a fascination for prize fights, are much interested in the challenge issued by Lawrence Lutz, a former East Liverpool boy, to Jack McClelland, of Pittsburg, for a bout before the Nonpareil club at Beaver Falls. Lutz has received no answer to the defy and his supporters here think McClelland will not honor.

The ability of the men is about even. Lutz has won from probably more really fast men than McClelland, but the latter has been putting up a good front of late and would no doubt be all Lutz would care to take on. Lutz has been fighting more during the past few months than ever before. He has been meeting some pretty good men at and near Toledo and a few in Wisconsin. He was given a drubbing two weeks ago and shows the marks of the battle yet, but being as game as he is made, he wants another battle.

Everything considered, Lutz is one of the best fighters in the country. He was never known to train properly for a fight and that he is not unmercifully whipped in every bout is hard to understand. Maybe it is because he don't know how to give up, and perhaps it is due to his refusal to be knocked down and out. The gamest fight he ever made was last year with Joe Youngs. The latter had him bested forty ways. Science and weight were both against him, but he stubbornly remained in the ring for 15 rounds rather than to throw up the sponge. On that fight he was beaten nearly to death, but still hung on. Johnny wise sports have often remarked that with a good trainer Lutz would be a star and it is generally believed.

## A GOOD GAME ASSURED THIS EVENING

The Fayette A. C. Will Do Battle With the Local Basket Ball Team.

The Fayette A. C. basket ball team will be here this evening to play the locals at Rock Springs park. It is considered one of the strongest amateur teams in Allegheny county and a good game may be looked for. The lineups will be as follows:

East Liverpool—Forwards, Bloor and Allison; center, Powell; guards, Rigby and Chadwick. Fayette—Forwards, Hemming and Lynch; center, Bittner; guards, Hodson and Strausser.

The East Liverpool Juniors and the National club will play a preliminary game, which will start at 8 o'clock. The lineups:

East Liverpool Juniors—Forwards, W. Watkin, H. Watkin and Gibbons; center, Manley; guards, Hamil and Geon.

Nationals—Forwards, Stuckrath and Godwin; center, Cartwright; guards, Bowers and Tyson.

The East Liverpool team will play Marietta college at Marietta Friday and Saturday.

Manchester will play here next Tuesday, January 26.

### Bowling at Sebring.

The Imperial bowling team of this city will leave this afternoon for Sebring, where tonight they will play the crack team of that town a series of games. These teams have met several times and will play for blood. They are about evenly matched and interest is centered on the contest.

### SPORTING MISCELLANY.

President Hart, of the Chicago Nationals, has announced an increase in the salaries of his players instead of a cut.

William P. Bates has been offered the position of coach of the Northwestern university nine. Bates is an old Brown boy.

Pitcher "Ace" Stewart, of the St. Paul American association team, is being sought by several big league clubs. The Boston Nationals will probably land him.

"Buttons" Briggs, the star south-paw of the Eastern league last season, but who will pitch for the Chicago Nationals the coming season, will coach the Western Reserve university nine.

## STARTLED

By some sudden sound she drops the vase upon the floor. She is nervous and may be told that nervousness is a luxury which only a rich woman can afford to indulge in. Nervousness has cost many a woman her position. Some-times when women run machinery the price of nervousness is mutilation, a finger lost or perhaps the whole hand crushed.

Nervousness in women is commonly but a symptom of womanly disease. It is useless in such cases to "doctor" for the nerves alone. Cure the diseases which attack the delicate womanly organism and nervousness will be cured also.

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It tranquilizes the nerves and induces refreshing sleep.

In the fall of 1897, I was troubled with nervousness, headache, heart trouble and female weakness," writes Miss Blanch M. Bracey, of Sals, Oswego Co., N. Y. "Last summer I wrote you and you advised me to try your 'Favorite Prescription' and 'Golden Medical Discovery.' I did so and I began to improve rapidly. Continued taking the medicine, half a dozen cases of 'Favorite Prescription' and 'Golden Medical Discovery' for the space of five months, and in less than a year had regained my former health."

Dr. Pierce's Pleasant Pellets clear the muddy complexion.

## PETITION FOR INJUNCTION

Continued from First Page.

nances relating to the improvement and the statutes covering such cases.

Attorneys Davis and Lones represent the majority of East End property owners affected by the assessment and this is a test case upon which all will stand or fall. If the object of the suit is obtained the improvement of the thoroughfare must be paid for by a general instead of a special tax. Believing it unjust that they should be made to pay the cost of an improvement they claim is a benefit to the entire city the people of the East End banded themselves together several months ago for the purpose of resisting such an effort, and it is stated that they will carry the case to the highest courts of the state if necessary.

Pennsylvania avenue has been a bone of contention since its improvement was first proposed and the muddle has grown deeper and deeper. To follow the ramifications and deviations of the construction and assessing ordinances and other legal steps, alterations, etc., would require the acumen and sagacity of a Philadelphia lawyer. In reviewing the case from the time the first ordinance was passed until the present time the attorneys think they have found many irregularities and sufficient ground for the court to grant the prayer of their client and declare the assessment null and void.

It was first the intention of the attorneys to bring three test suits, one for owners of property abutting on the improvement not previously assessed, one for property owners abutting on the improvement who are already paying a special assessment for grading and straightening the eastern section of the avenue and one for owners of property not abutting on the improvement who have been assessed. This plan was abandoned and all are represented in the suit of Mrs. Martin.

### THE PETITION IN FULL.

Following is the plaintiff's petition in full: In Court of Common Pleas, Columbiana County, Ohio.

Petition, Lucinda Martin, plaintiff, vs. The City of East Liverpool, Ohio, defendant.

The defendant is a municipal corporation organized and now existing under the laws of the state of Ohio at a city.

The plaintiff is the owner of the following described real estate situated in the city of East Liverpool, county of Columbiana and state of Ohio, and described as follows: Known as and being that part of fractional section number twelve, township five, range one, bounded and described as follows: Commencing at a point on the shore of the Ohio river at the southeast corner of lands of Abner and Lucinda Martin, and running thence north 22 degrees 40 minutes west to line of lands formerly owned by Allbaugh, thence north 67 degrees 10 minutes

cast with said line, three hundred and fifty-six and one-half feet; thence south 22 degrees 40 minutes east to the Ohio river; thence south 62 degrees west, down the river to the place of beginning—excepting from said tract the interest held therein by the Cleveland and Pittsburg railroad—containing in area exclusive of that part occupied by said railroad five acres and thirty-two hundredths (5.32), be the same more or less.

Also another tract of land in Liverpool township, said county and state, a part of fractional section 12, township 5, range 1, containing about 9 acres.

That on the 4th day of June, A. D. 1900, the council of said city had before it a resolution entitled, "A Resolution declaring it necessary to improve Pennsylvania avenue from lot 1589 to the East End public building." That said resolution provided that it is necessary and the intention of council is hereby declared to improve Pennsylvania avenue between the points above named in the following manner:

1. A roadway 15 feet in width shall be graded along the north sidewalk to an established grade.

2. The said roadway shall be covered to a depth of 14 inches with fine rolling stone and well compacted by rolling.

3. Upon the broken stone bed thus made, shall be spread a layer of fine gravel 9 inches thick, which shall be well compacted also by rolling with heavy road roller and whatever else in the way of drainage and abutting stones is necessary to complete the job shall be done.

Said resolution further provided that the cost and expense of said improvement shall be assessed on such abutting, and bounding adjacent, contiguous and other benefited lots and lands as council shall specify in the ordinance authorizing the said improvement, and that bonds would be issued in anticipation of collection of the said assessments to pay for said improvement.

No property was mentioned in said resolution as property to be assessed for said improvement except that said resolution provided that council should specify in the ordinance, the property to be assessed.

That said resolution was not duly passed by the said council. Said resolution was only read on one day, and the rules requiring an ordinance or resolution to be read on three separate days were not suspended, but said resolution was declared passed upon one reading and one vote being taken upon the same; that all members of the council voted for said resolution without the same having been read upon three separate days and said vote was taken on June 4, A. D. 1900.

On the 26th day of June, A. D. 1900, the council of said city passed an ordinance entitled, "Ordinance No. 639 to improve Pennsylvania avenue from a point in front of lot 1589 to the East End public school building," and it was ordained in said ordinance that the improvement of Pennsylvania avenue from a point in front of lot 1589 to the East End public school building be proceeded with in accordance with the resolution to improve the said avenue passed the 4th day of June, A. D. 1900, and the plans and specifications on file in the office of the city engineer, grading the roadway between the curb lines and macadamizing with broken stone as called for in the resolution to improve; that said resolution and ordinance and said plans and specifications provided for a macadam roadway and not for any improvement by paving with brick.

That the council of said city caused an advertisement to be published in the East Liverpool Tribune, a weekly newspaper, on the 5th, 12th, 19th and 26th days of July, A. D. 1900, an advertisement of which the following is a true copy:

"Legal. Notice to Contractors.

"Sealed proposals will be received at this office until 12 o'clock m., Wednesday, August 11, 1900, for the furnishing of labor and materials for the improvement of the following streets and highways:

"Grading the Calcutta road from Wall street to the Riverview cemetery. Paving the roadway nine feet in width from Walnut street to Wall street, and sixteen feet in width from Wall street to the Riverview cemetery.

"Grading and paving the roadway of Kossuth street from Walnut street to Sugar street.

"Grading and constructing a macadam roadway fifteen feet in width on Pennsylvania avenue from lot 1589 to the East End public school building. The above work to be done in accordance with the plans and specifications on file in the office of the city engineer, copies of which will be furnished on application.

"Each of the above jobs must be a separate bid and on the forms furnished by the city engineer.

"Each bid must be accompanied by a certified check payable to order of the undersigned to amount of 10 percent of the bid as a guarantee that if the bid is accepted a contract will be entered into and the performance of the same properly secured, otherwise

to be forfeited to the city of East Liverpool.

"The council reserves the right to reject any or all bids.

"By order of council.

"J. N. HANLEY, City Clerk.

"East Liverpool, Ohio, July 2, 1900. "Published in the East Liverpool Tribune July 5, 12, 19, 26."

That no other advertisement was made for bids for doing said work or for making said improvement; that on the first day of August, A. D. 1900, the bids under said advertisement were opened and Thomas McLaughlin & Brother bid thereon and the said council awarded said contract to Thomas McLaughlin & Brother.

That afterwards on the 14th day of December, A. D. 1900, the council of said city passed another resolution providing and declaring it necessary to improve Pennsylvania avenue from lot 1589 to the East End public school building and said resolution further stated "that whereas in improving Pennsylvania avenue from lot 1589 to the East End public school building, under the resolution to improve the said avenue, passed the 4th day of June, 1900, it has been found that a roadway surfaced with gravel would be insufficient for the purpose; would be unsatisfactory for travel; would not satisfy the demands of the public in general and that it would not be for the best interest of the city to so construct said roadway," and therefore it was resolved by the council that it was necessary to further improve the said Pennsylvania avenue by paving the roadway 15 feet in width with the best quality of roadway paving brick, brick to be set on their edges, and on the 22d day of January, A. D. 1901, an ordinance was passed by the council of said city ordaining that the improvement of Pennsylvania avenue from a point in front of lot 1589 to the East End public school building be proceeded with in accordance with said resolution to improve, passed December 14, 1900; that no advertisement was made in any manner for bids for the construction of the improvement provided for in said last mentioned resolution and ordinance.

On the 20th day of February, A. D. 1901, at a meeting of the council of said city, a motion was passed by said council as follows: "Mr. Cripps moved that the mayor and city clerk be authorized to enter into a contract on behalf of the city with John and Thomas McLaughlin for the paving of the roadway of Pennsylvania avenue (hill road) with hard burned fire brick set on their edges, the work to be done at the rate specified in the proposal of John and Thomas McLaughlin for the improvement of said street, viz: ..... per sq. yd., filed August 1st, 1900. Agreed to, 6 ayes, no nays." That in pursuance of said motion, the mayor and clerk did enter into a contract with Thomas and John McLaughlin to make the improvement specified in said motion; that the right to make said contract was thereby delegated and said contract was void under the laws of the state of Ohio; that no publication for bids or advertisement for bids was made for the making of said improvement, that is, for the improvement provided for in said last mentioned resolution and ordinance, to wit: Paving with fire brick; that said improvement cost several thousand dollars and said John and Thomas McLaughlin made said improvement by paving with fire brick set on their edges; that the defendant paid them the contract price for doing the same, to wit: \$..... per sq. yd.

Plaintiff further says that on the 17th day of November, 1903, the council of said city passed an ordinance assessing plaintiff's land as follows:

1. Lucinda Martin. Description of property, 5.32 acres, range 1, township 5, section 12, south Cleveland & Pittsburg railroad, east of above, \$60.00.
2. Lucinda Martin, 9 acres, range 1, township 5, section 12, south of Cleveland & Pittsburg railroad, \$480.00.

That said description is the only one given in said assessing ordinance; that said improvement had been completed more than a year before said assessing ordinance was passed; that before the passage of said assessing ordinance, the city of East Liverpool had paid for making said improvement and said assessing ordinance was not passed to pay for said improvement, but to reimburse the treasury of said city for the money paid out of the treasury of said city in making said improvement; that before said improvement was made the said city or the council thereof did not, by resolution, or ordinance or otherwise, set forth specifically any real estate of plaintiff to be assessed for said improvement and did not specifically set forth that said land or any land of plaintiff would be assessed for making said improvement. The plaintiff says that the description given in said assessing ordinance is not sufficient to determine what land of plaintiff is to be assessed for said improvement; that her said real estate is more than one-half mile from the portion of said improvement nearest to her property and is more than one-half mile from any point on Pennsylvania avenue nearest to her said property; that her said property does not abut on and

The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women.

"DEAR MRS. PINKHAM:—I suffered misery for several years. My back ached and I had bearing-down pains, and frequent headaches. I would often wake from a restless sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I read could do no work. I consulted different physicians hoping to get relief, but finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, and it was highly recommended to me. I am glad that I did so, for I soon found that it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight. I read a kind of work, and I feel a lot."

is not adjacent or contiguous to said improvement and her said lands are not benefited by said improvement; that there are many lots and tracts of land contiguous to said improvement and benefited by it that have not been assessed for making the same.

Plaintiff says that she has been the owner of real estate first described in the petition herein for more than ten years and the same has appeared for more than said ten years in her name on the tax duplicate in the auditor's office of Columbiana county, Ohio, for taxation; that she was not and never has been served with any notice of said resolution or either of said resolutions to make said improvement; that she had no information or intimation that said city would attempt to assess any or all her real estate for the cost and expense of said improvement until long after the same was made.

The plaintiff says that the said assessment made against her property is null and void and is illegal and not binding upon plaintiff or upon said property, but plaintiff says that said assessment so attempted to be made is a cloud upon her title and that unless the defendant is restrained by order of this court, it will proceed to certify said assessments to the auditor of said county to be placed upon the tax duplicate and charged against plaintiff's property for collection.

Wherefore plaintiff prays that said assessments be declared null and void and the defendant enjoined from collecting the same or any part thereof and from certifying the same to the auditor of said county to be placed upon the duplicate, and for all proper relief.

The figures left blank in the above have been inserted in the petition.

## Woman's Ills

How rare a thing to find a woman who is perfectly healthy and free from all ailments which often render life a burden. These ailments cause nervousness, irritability, headache, etc. They entirely ruin a woman for life's work and deprive her of most of its joys.

## AUNT DINAH'S OLD VIRGINIA Herb Tea

WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prostration, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.

Mayville, S. C., Dec. 8, 1902. "Two years ago I suffered with female complaint and was very nervous and irritable. I had no sleep and was a great sufferer. I have just begun taking it again and I feel much younger and stronger. If every woman knew how good the relief she would experience by using your Herb Tea she would never be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles."

Columbiana County, Court of Common Pleas. Order of sale in partition. Case No. 1902.

In pursuance of an order issued from the Court of Common Pleas within and for the County of Columbiana and State of Ohio, made at the September term thereof, A. D. 1903, and to me directed, I will offer for sale at public auction on the premises of said County, February 1st, 1904, at 1 o'clock p. m. of said day, the following described real estate, to-wit:

Situated in the Township of Madison, County of Columbiana and State of Ohio, and known as and being the northwest quarter of Section Ten (10) in Township Ten (10) in Range Two (2) in County of Columbiana and State of Ohio, containing one hundred and sixty (160) acres more or less; and also, thirty (30) acres more or less of the south part of the southwest quarter of Section Three (3) in Township Ten (10) in Range Two (2) in County of Columbiana and State of Ohio, abutting on the one hundred and sixty acre tract aforesaid. Said two tracts comprising the farm of one hundred and sixty (160) acres, more or less, which was conveyed by Jonah Robinson and wife to Joseph Brown by deed dated December 23, 1821, and recorded January 19, 1839, in Vol. 21 at page 27 of the records of deeds of said County of Columbiana. Said saving and excepting therefrom one-half (1/2) acre of land, heretofore sold to "Madison Church" by deed recorded in Vol. 223 at page 284 of the records of said County of Columbiana. Said premises have been appraised at nine thousand, five hundred dollars (\$9,500.00) and cannot sell for less than two-thirds of said appraisement.

Terms of sale—One-third cash on day of sale, one-third in one year, and one-third in two years, the deferred payments to bear interest from day of sale and to be secured by mortgage on the premises. CHARLES P. LEONARD, Sheriff of Columbiana County, Ohio. Brookes & Thompson, attorneys.

# REALM OF SPORTS

## THE LOCAL SPORTS ARE ANXIOUS

Tehy Would Like to See a Fight Between Lutz and Jack McClelland.

The sporting element of the city, especially those with a fascination for prize fights, are much interested in the challenge issued by Lawrence Lutz, a former East Liverpool boy, to Jack McClelland, of Pittsburgh, for a bout before the Nonpareil club at Beaver Falls. Lutz has received no answer to the defy and his supporters here think McClelland will not honor it.

The ability of the men is about even. Lutz has won from probably more really fast men than McClelland, but the latter has been putting up a good front of late and would no doubt be all Lutz would care to take on. Lutz has been fighting more during the past few months than ever before. He has been meeting some pretty good men at and near Toledo and a few in Wisconsin. He was given a drubbing two weeks ago and shows the marks of the battle yet, but being as game as are made, he wants another battle.

Everything considered, Lutz is one of the best fighters in the country. He was never known to train properly for a fight and that he is not unmercifully whipped in every bout is hard to understand. Maybe it is because he don't know how to give up, and perhaps it is due to his refusal to be knocked down and out. The game fight he ever made was last year with Joe Youngs. The latter had him bested forty ways. Science and weight were both against him, but he stubbornly remained in the ring for 15 rounds rather than to throw up the sponge. On that fight he was beaten nearly to death, but still hung on. Johnny wise sports have often remarked that with a good trainer Lutz would be a star and it is generally believed.

## A GOOD GAME ASSURED THIS EVENING

The Fayette A. C. Will Do Battle With the Local Basket Ball Team.

The Fayette A. C. basket ball team will be here this evening to play the locals at Rock Springs park. It is considered one of the strongest amateur teams in Allegheny county and a good game may be looked for. The lineups will be as follows:

East Liverpool—Forwards, Bloor and Allison; center, Powell; guards, Rigby and Chadwick.

Fayette—Forwards, Hemming and Lynch; center, Bittner; guards, Hodson and Strasser.

The East Liverpool Juniors and the National club will play a preliminary game, which will start at 8 o'clock. The lineups:

East Liverpool Juniors—Forwards, W. Watkin, H. Watkin and Gibbons; center, Manley; guards, Hamill and Geon.

Nationals—Forwards, Stuckrath and Godwin; center, Cartwright; guards, Bowers and Tyson.

The East Liverpool team will play Marietta college at Marietta Friday and Saturday.

Manchester will play here next Tuesday, January 26.

### Bowling at Sebring.

The Imperial bowling team of this city will leave this afternoon for Sebring, where tonight they will play the crack team of that town a series of games. These teams have met several times and will play for blood. They are about evenly matched and interest is centered on the contest.

### SPORTING MISCELLANY.

President Hart, of the Chicago Nationals, has announced an increase in the salaries of his players instead of a cut.

William P. Bates has been offered the position of coach of the Northwestern university nine. Bates is an old Brown boy.

Pitcher "Ace" Stewart, of the St. Paul American association team, is being sought by several big league clubs. The Boston Nationals will probably land him.

"Buttons" Briggs, the star south-paw of the Eastern league last season, but who will pitch for the Chicago Nationals the coming season, will coach the Western Reserve university nine.

### What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. Bulger.

# STARTLED

By some sudden sound she drops the vase upon the floor. She is nervous and may be told that nervousness is a luxury which only a rich woman can afford to indulge in.

Some-times when women run machinery the price of nervousness is mutilation—a finger lost or perhaps the whole hand crushed. Nervousness in women is commonly but a symptom of womanly disease. It is useless in such cases to "doctor" for the nerves alone. Cure the disease which attacks the delicate womanly organism and the nervousness will be cured also.

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It tranquilizes the nerves and induces refreshing sleep.

In the fall of 1897, I was troubled with nervousness, headache, heart trouble and female weakness," writes Miss Blanch M. Bracey, of Sals, Oswego Co., N. Y. "Last summer I wrote out Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so and I began to improve rapidly. Continued taking the medicine, half a dozen each of 'Favorite Prescription' and 'Golden Medical Discovery' for the space of five months, and in less than a year had regained my former health."

Dr. Pierce's Pleasant Pellets clear the muddy complexion.

## PETITION FOR INJUNCTION

Continued from First Page.

nances relating to the improvement and the statutes covering such cases.

Attorneys Davis and Lones represent the majority of East End property owners affected by the assessment and this is a test case upon which all will stand or fall. If the object of the suit is obtained the improvement of the thoroughfare must be paid for by a general instead of a special tax. Believing it unjust that they should be made to pay the cost of an improvement they claim is a benefit to the entire city the people of the East End banded themselves together several months ago for the purpose of resisting such an effort, and it is stated that they will carry the case to the highest courts of the state if necessary.

Pennsylvania avenue has been a bone of contention since its improvement was first proposed and the middle has grown deeper and deeper. To follow the ramifications and deviations of the construction and assessing ordinances and other legal steps, alterations, etc., would require the acumen and sagacity of a Philadelphia lawyer. In reviewing the case from the time the first ordinance was passed until the present time the attorneys think they have found many irregularities and sufficient ground for the court to grant the prayer of their client and declare the assessment null and void.

It was the first intention of the attorneys to bring three test suits, one for owners of property abutting on the improvement not previously assessed, one for property owners abutting on the improvement who are already paying a special assessment for grading and straightening the eastern section of the avenue and one for owners of property not abutting on the improvement who have been assessed. This plan was abandoned and all are represented in the suit of Mrs. Martin.

### THE PETITION IN FULL.

Following is the plaintiff's petition in full:

In Court of Common Pleas, Columbiana County, Ohio.

Petitioner, Lucinda Martin, plaintiff, vs. The City of East Liverpool, Ohio, defendant.

The defendant is a municipal corporation organized and now existing under the laws of the state of Ohio at a city.

The plaintiff is the owner of the following described real estate situated in the city of East Liverpool, county of Columbiana and state of Ohio, and described as follows: Known as and being that part of fractional section number twelve, township five, range one, bounded and described as follows: Commencing at a point on the shore of the Ohio river at the southeast corner of lands of Abner and Lucinda Martin, and running thence north 22 degrees 40 minutes west to line of lands formerly owned by Allabach, thence north 67 degrees 10 minutes

east with said line, three hundred and fifty-six and one-half feet; thence south 22 degrees 40 minutes east to the Ohio river; thence south 62 degrees west, down the river to the place of beginning—excepting from said tract the interest held therein by the Cleveland and Pittsburgh railroad—containing in area exclusive of that part occupied by said railroad five acres and thirty-two hundredths (5.32), be the same more or less.

Also another tract of land in Liverpool township, said county and state, a part of fractional section 12, township 5, range 1, containing about 9 acres.

That on the 4th day of June, A. D. 1900, the council of said city had before it a resolution entitled, "A Resolution declaring it necessary to improve Pennsylvania avenue from lot 1589 to the East End public building." That said resolution provided that it is necessary and the intention of council is hereby declared to improve Pennsylvania avenue between the points above named in the following manner:

1. A roadway 15 feet in width shall be graded along the north sidewalk to an established grade.
2. The said roadway shall be covered to a depth of 14 inches with finely broken stone and well compacted by rolling.
3. Upon the broken stone bed thus made, shall be spread a layer of fine gravel 9 inches thick, which shall be well compacted also by rolling with heavy road roller and whatever else in the way of drainage and abutting stones is necessary to complete the job shall be done.

Said resolution further provided that the cost and expense of said improvement shall be assessed on such abutting and bounding adjacent, contiguous and other benefited lots and lands as council shall specify in the ordinance authorizing the said improvement, and that bonds would be issued in anticipation of collection of the said assessments to pay for said improvement.

No property was mentioned in said resolution as property to be assessed for said improvement except that said resolution provided that council should specify in the ordinance, the property to be assessed.

That said resolution was not duly passed by the said council. Said resolution was only read on one day, and the rules requiring an ordinance or resolution to be read on three separate days were not suspended, but said resolution was declared passed upon one reading and one vote being taken upon the same; that all members of the council voted for said resolution without the same having been read upon three separate days and said vote was taken on June 4, A. D. 1900.

On the 26th day of June, A. D. 1900, the council of said city passed an ordinance entitled, "Ordinance No. 639 to improve Pennsylvania avenue from a point in front of lot 1589 to the East End public school building," and it was ordained in said ordinance that the improvement of Pennsylvania avenue from a point in front of lot 1589 to the East End public school building be proceeded with in accordance with the resolution to improve the said avenue passed the 4th day of June, A. D. 1900, and the plans and specifications on file in the office of the city engineer, grading the roadway between the curb lines and macadamizing with broken stone as called for in the resolution to improve; that said resolution and ordinance and said plans and specifications provided for a macadam roadway and not for any improvement by paving with brick.

That the council of said city caused an advertisement to be published in the East Liverpool Tribune, a weekly newspaper, on the 5th, 12th, 19th and 26th days of July, A. D. 1900, an advertisement of which the following is a true copy:

"Legal Notice to Contractors.

"Sealed proposals will be received at this office until 12 o'clock m., Wednesday, August 1, 1900, for the furnishing of labor and materials for the improvement of the following streets and highways:

"Grading the Calcutta road from Wall street to the Riverview cemetery. Paving the roadway nine feet in width from Walnut street to Wall street, and sixteen feet in width from Wall street to the Riverview cemetery.

"Grading and paving the roadway of Kossuth street from Walnut street to Sugar street.

"Grading and constructing a macadam roadway fifteen feet in width on Pennsylvania avenue from lot 1589 to the East End public school building. The above work to be done in accordance with the plans and specifications on file in the office of the city engineer, copies of which will be furnished on application.

"Each of the above jobs must be a separate bid and on the forms furnished by the city engineer.

"Each bid must be accompanied by a certified check payable to order of the undersigned to amount of 10 per cent of the bid as a guarantee that if the bid is accepted a contract will be entered into and the performance of the same properly secured, otherwise

to be forfeited to the city of East Liverpool.

"The council reserves the right to reject any or all bids.

"By order of council.

"J. N. HANLEY,

"City Clerk.

"East Liverpool, Ohio, July 2, 1900.

"Published in the East Liverpool Tribune July 5, 12, 19, 26."

That no other advertisement was made for bids for doing said work or for making said improvement; that on the first day of August, A. D. 1900, the bids under said advertisement were opened and Thomas McLaughlin & Brother bid thereon and the said council awarded said contract to Thomas McLaughlin & Brother.

That afterwards on the 14th day of December, A. D. 1900, the council of said city passed another resolution providing and declaring it necessary to improve Pennsylvania avenue from lot 1589 to the East End public school building and said resolution further stated "that whereas in improving Pennsylvania avenue from lot 1589 to the East End public school building, under the resolution to improve the said avenue, passed the 4th day of June, 1900, it has been found that a roadway surfaced with gravel would be insufficient for the purpose; would be unsatisfactory for travel; would not satisfy the demands of the public in general and that it would not be for the best interest of the city to so construct said roadway," and therefore it was resolved by the council that it was necessary to further improve the Pennsylvania avenue by paving the roadway 15 feet in width with the best quality of roadway paving brick, brick to be set on their edges, and on the 22d day of January, A. D. 1901, an ordinance was passed by the council of said city ordaining that the improvement of Pennsylvania avenue from a point in front of lot 1589 to the East End public school building be proceeded with in accordance with said resolution to improve, passed December 14, 1900; that no advertisement was made in any manner for bids for the construction of the improvement provided for in said last mentioned resolution and ordinance.

On the 20th day of February, A. D. 1901, at a meeting of the council of said city, a motion was passed by said council as follows: "Mr. Cripps moved that the mayor and city clerk be authorized to enter into a contract on behalf of the city with John and Thomas McLaughlin for the paving of the roadway of Pennsylvania avenue (hill road) with hard burned fire brick set on their edges, the work to be done at the rate specified in the proposal of John and Thomas McLaughlin for the improvement of said street, viz: . . . per sq. yd., filed August 1st, 1900. Agreed to, 6 ayes, no nays."

That in pursuance of said motion, the mayor and clerk did enter into a contract with Thomas and John McLaughlin to make the improvement specified in said motion; that the right to make said contract was thereby delegated and said contract was void under the laws of the state of Ohio; that no publication for bids or advertisement for bids was made for the making of said improvement, that is, for the improvement provided for in said last mentioned resolution and ordinance, to wit: Paving with fire brick; that said improvement cost several thousand dollars and said John and Thomas McLaughlin made said improvement by paving with fire brick set on their edges; that the defendant paid them the contract price for doing the same, to wit: \$ . . . per sq. yd.

Plaintiff further says that on the 17th day of November, 1903, the council of said city passed an ordinance assessing plaintiff's land as follows:

1. Lucinda Martin. Description of property, 5.32 acres, range 1, township 5, section 12, south Cleveland & Pittsburgh railroad, east of above, \$60.00.
2. Lucinda Martin, 9 acres, range 1, township 5, section 12, south of Cleveland & Pittsburgh railroad, \$480.00.

That said description is the only one given in said assessing ordinance; that said improvement had been completed more than a year before said assessing ordinance was passed; that before the passage of said assessing ordinance, the city of East Liverpool had paid for making said improvement and said assessing ordinance was not passed to pay for said improvement, but to reimburse the treasury of said city for the money paid out of the treasury of said city in making said improvement; that before said improvement was made the said city or the council thereof did not, by resolution, or ordinance or otherwise, set forth specifically any real estate of plaintiff to be assessed for said improvement and did not specifically set forth that said land or any land of plaintiff would be assessed for making said improvement. The plaintiff says that the description given in said assessing ordinance is not sufficient to determine what land of plaintiff is to be assessed for said improvement; that her said real estate is more than one-half mile from the portion of said improvement nearest to her property and is more than one-half mile from any point on Pennsylvania avenue nearest to her said property; that her said property does not abut on and

The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women.

"DEAR MRS. PINKHAM:—I suffered misery for several years. My back ached and I had bending-down pains, and frequent headaches. I would often wake from a restful sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I could do no work. I consulted different physicians hoping to get relief, but, finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, and it was highly recommended to me. I am glad that I did so, for I soon found it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight a lot."—Miss FRANKIE ORSER, 14 Warrenton St., Boston, Mass. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

is not adjacent or contiguous to said improvement and her said lands are not benefited by said improvement; that there are many lots and tracts of land contiguous to said improvement and benefited by it that have not been assessed for making the same.

Plaintiff says that she has been the owner of real estate first described in the petition herein for more than ten years and the same has appeared for more than ten years in her name on the tax duplicate in the auditor's office of Columbiana county, Ohio, for taxation; that she was not and never has been served with any notice of said resolution or either of said resolutions to make said improvement; that she had no information or intimation that said city would attempt to assess any or all her real estate for the cost and expense of said improvement until long after the same was made.

The plaintiff says that the said assessment made against her property is null and void and is illegal and not binding upon plaintiff or upon said property, but plaintiff says that said assessment so attempted to be made is a cloud upon her title and that unless the defendant is restrained by order of this court, it will proceed to certify said assessments to the auditor of said county to be placed upon the tax duplicate and charged against plaintiff's property for collection.

Wherefore plaintiff prays that said assessments be declared null and void and the defendant enjoined from collecting the same or any part thereof and from certifying the same to the auditor of said county to be placed upon the duplicate, and for all proper relief.

The figures left blank in the above have been inserted in the petition.

## Woman's Ills

How rare to find a woman who is perfectly healthy. Fully seventy per cent. of the women suffer from ailments which often render life a burden. These ailments cause nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

### AUNT DINAH'S OLD VIRGINIA Herb Tea

#### WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. This is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.

Marysville, O. C., Dec. 8, 1902.

Hamlin Wizard Oil Co., Chicago, Ill.:—Two years ago I suffered with female complaint and used Aunt Dinah's Old Virginia Herb Tea with great success. I have just begun taking it again and I feel much younger and stronger. If every woman suffered could know the relief she would experience by using Aunt Dinah's Tea she would never be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles.

Now, Lee County, Ark., Dec. 1, 1902.

Hamlin Wizard Oil Co., Chicago, Ill.:—I am greatly pleased with your Aunt Dinah's Old Virginia Herb Tea. Indeed I think there is nothing like it for headache and sleeplessness and I am exceedingly good for clearing the complexion. I would not be without it. Yours truly, Miss NETA MCCORMICK.

## SHERIFF'S SALE

Margaret Moore, Guardian, vs. Mrs. Mary Quinn, et al.

Columbiana County, Court of Common Pleas. Order of sale in partition. Case No. 1490.

In pursuance of an order issued from the Court of Common Pleas within and for the County of Columbiana and State of Ohio, made at the September term thereof, A. D. 1903, and to me directed, I will offer for sale at public auction on the premises on Monday, February 1st, 1904, at 1 o'clock p. m. of said day, the following described real estate, to-wit:

Two tracts comprising the farm of one hundred and sixty (160) acres more or less; and also, thirty (30) acres more or less of the south part of the southwest quarter of Section Threes (3) in said township and range, abutting on the one hundred and sixty acre tract aforesaid. Said two tracts comprising the farm of one hundred and ninety (190) acres more or less, which was conveyed by Jonah Robb to the County of Columbiana, Ohio, and recorded in Vol. 223 of the records of deeds of said County of Columbiana, Ohio, and excepting therefrom one-half (1/2) acre of land herebefore sold to "Madison Church" by deed recorded in Vol. 223 of the records of deeds of said County of Columbiana, Ohio, of which said County of Columbiana, Ohio, is the owner.

Said premises have been appraised at nine thousand, five hundred dollars (\$9,500.00) and cannot sell for less than two-thirds of said appraisement.

Terms of sale—One-third cash on day of sale, one-third in one year, and one-third in two years. The deferred payments to bear interest from day of sale and to be secured by mortgage on the premises.

Witness my hand and seal this 13th day of January, 1904.

Sheriff of Columbiana County, Ohio. Brookes & Thompson, attorneys.

# STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment. We say to you positively and without reservation that we have never before known a tonic or cathartic cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

**SOME OF OUR REASONS.**  
Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone. You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucous, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."  
This is what causes the state of ill health and weakness which exists when you are "run down."

when the doctor tells you you are suffering with "general debility." We know of one remedy that will correct these conditions and restore health—Rexall Mucu-Tone.

There is no need of a technical description of how Mucu-Tone on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the net-work of tiny capillaries and so is brought in direct contact with the sore membranes.

**NEW LIFE! NEW VIGOR!**  
What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves. Rexall Mucu-Tone does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

**MRS. BEAUREGARD TELLS EXPERIENCE.**  
"I have taken every catarrh remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with Rexall Mucu-Tone. The others may have helped me somewhat but—Mucu-Tone cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost shout for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to Mucu-Tone."

*Mrs. Beauregard*  
219 Second St., Albany, N. Y.  
We know that Mucu-Tone will do all this and we hereby agree to refund your money if you find it otherwise.  
Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store.

## MADE FUTILE APPEAL

Correspondence With General  
Reyes About Panama  
Is Published.

### HAY WAS FRIENDLY BUT FIRM

Refused to Concede the Justice of  
Representations Made by Special  
Envoys of Colombia Concerning Sit-  
uation on Isthmus.

Washington, Jan. 19.—President Roosevelt has transmitted to the senate additional correspondence touching the relations of the United States with Colombia and Panama. A statement of grievances on the part of Colombia was presented by General Reyes on Dec. 23.

Speaking of the action of the Colombian congress in its efforts to amend the treaty, General Reyes says: "I firmly believe it would have approved the convention with amendments that would probably have been acceptable to the United States had not the American minister at Bogota repeatedly declared in the most positive manner that his government would reject any amendments that might be offered."

As to the recognition of the Republic of Panama, General Reyes says that it is a matter of public knowledge that the mother country commands sufficient forces to subdue a revolution. The attitude of the United States, he says, according to the most ancient and modern authority on international law "not only committed a great offense but also made a formal attack upon her wealth."

After declaring that Panama formed the most important part of the national wealth of Colombia, General Reyes continues: "If there be an eternal and immutable principle of right, that right of Colombia has been injured by the United States by an incredible transgression of the limits set by equity and justice."

Before the news was divulged that a revolution was about to break out on the Isthmus, General Reyes says that American cruisers which reached their destination precisely on the eve of the movement were plying the waters of the Atlantic and Pacific oceans. A United States military officer, he says, stopped the railway from carrying to Panama, as it was under obligation to do, a battalion of troops from Bogota, which had just arrived at Colon, at "the very time when its arrival in that city would have impeded or suppressed any revolutionary attempt."

"The true character of the new state of Panama," says General Reyes, "is revealed in the fact that it came into existence by a coup de main effected by the winning over of troops, valorous without doubt, but who have fought against no foe, assaulted no intrenchment, captured no fort, contenting themselves with putting in prison the constituted authorities. Sad indeed is the fate of my country condemned at times to suffer calamities from its own revolutions and at others to witness the unexpected attacks of a powerful but friendly state, which for the first time, breaks its honored traditions of respect for right—especially the right of the weak."

General Reyes cites the thirty-fifth article of the treaty of 1846, providing that when either country feels itself offended it shall lay before the other a statement of such injury or damages, and concludes:

"Since the aforesaid treaty is the law which governs between the two countries, I propose that the claims which I make in the present note on account of the violation of the aforesaid treaty and all other claims which may hereafter be made in connection with the events of Panama be submitted to the arbitration tribunal of The Hague."

Secretary Hay answered this note under date of Jan. 5. He says the government has carefully considered the grave complaints made and assures General Reyes of our most friendly sentiments for the government and people of Colombia. The questions submitted, he says, can be considered only in the light of accomplished facts, of which one is that the republic of Panama has become a member of the family of nations. "The department has read with surprise," Mr. Hay comments, "your repetition of gross imputations upon the conduct and motives of this government, which are said to have appeared in reputable American newspapers."

"Under all circumstances," says the secretary, "the department is unable to regard the complaints of Colombia against this government as having any valid foundation. The United States would gladly exercise its good offices with the republic of Panama with a view to bringing about some arrangement on a fair and equitable basis. The acceptance of your proposals to resort to The Hague tribunal this government perceives no occasion. Indeed, the questions presented in your statement of grievances are of a political nature, such as nations even of the most advanced ideas as to international arbitration have not proposed to deal with by that process."

## COX A CANDIDATE.

Cincinnati Leader Out for Delegate  
to National Convention on  
Hanna Slate.

Cincinnati, Jan. 19.—Official announcement by George B. Cox, Republican leader in Hamilton county, that he is a candidate for delegate-at-large from Ohio to the Republican national convention at Chicago next June caused much excitement among those who believe that Mr. Cox favors Hanna's nomination. On a so-called "Hanna slate" for delegates-at-large are said to be Mr. Cox, Governor Herriek, former Governor Nash and Congressman Dick. Besides more than 100 delegates in the next Ohio Republican convention from Hamilton county, it is said by friends of Mr. Cox, he has received assurances of more than enough delegates from other counties to secure his election.

It is said that Senator Foraker will name four others for delegates-at-large in opposition to Herriek, Nash, Cox and Dick, and that what is known as the "administration slate" will be headed by Senator Foraker.

**BURIAL OF BUSHNELL.**  
Former Governor Laid to Rest With Solemn Ceremonies.

Springfield, O., Jan. 19.—The funeral of former Governor Asa S. Bushnell was held at Christ Episcopal church here. Every train brought scores of distinguished visitors who attended the funeral.

the funeral. Among the arrivals were Senator and Mrs. Foraker, Governor Herriek and staff, ex-Governor Nash, Assistant Secretary of State and Mrs. Francis B. Loomis, state officials and members of both branches of the general assembly, besides many prominent people from Cincinnati, Columbus, Dayton and other cities, both in and out of the state.

The services were conducted by Bishop Vincent of Cincinnati and Rev. Dr. A. C. McCabe, rector of Christ church. All public demonstration ceased after the church service and the body was accompanied to the cemetery only by the family and invited friends. The body was escorted to the church by the national guard and from 9 to 1 o'clock it lay in state being guarded by Palestine commandery, Knights Templars, and Anthony lodge, F. and A. M.

**Little Boy Kills His Mother.**  
Burlington, Ia., Jan. 19.—While handling a gun he did not know was loaded, Charles Crabtree, 12 years old, accidentally killed his mother. When full realization of his mistake dawned upon the boy, he fainted on his mother's body. A coroner's jury has declared the shooting an accident.

**New Anti-Toxin Company.**

## STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment. We say to you positively and without reservation that we have never before known a tonic or cathartic cure to accomplish its results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

**SOME OF OUR REASONS.**  
Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone. You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucus, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

**WHAT IT MEANS TO BE "RUN DOWN."**  
This is what causes the state of ill health and weakness which exists when you are "run down."

When the doctor tells you you are suffering with "general debility," we know of one remedy that will correct these conditions and restore health—Rexall Mucu-Tone.

There is no need of a technical description of how Mucu-Tone on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the network of tiny capillaries and so is brought in direct contact with the sore membranes.

**NEW LIFE! NEW VIGOR!**  
What you—what all of us—are interested in is getting rid of the pain we are suffering in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves.

Rexall Mucu-Tone does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

**MRS. BEAUREGARD TELLS EXPERIENCE.**

"I have taken every cathartic remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with Rexall Mucu-Tone. The others may have helped me somewhat but Mucu-Tone cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost shout for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to Mucu-Tone."

*Mrs. Beauregard*  
219 Second St., Albany, N. Y."

We know that Mucu-Tone will do all this and we hereby agree to refund your money if you find it otherwise.

Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store.  
Mail orders filled.

## MADE FUTILE APPEAL

Correspondence With General  
Reyes About Panama  
Is Published.

**HAY WAS FRIENDLY BUT FIRM**

Refused to Concede the Justice of  
Representations Made by Special  
Envoy of Colombia Concerning Sit-  
uation on Isthmus.

Washington, Jan. 19.—President Roosevelt has transmitted to the senate additional correspondence touching the relations of the United States with Colombia and Panama. A statement of grievances on the part of Colombia was presented by General Reyes on Dec. 23.

Speaking of the action of the Colombian congress in its efforts to amend the treaty, General Reyes says: "I firmly believe it would have approved the convention with amendments that would probably have been acceptable to the United States had not the American minister at Bogota repeatedly declared in the most positive manner that his government would reject any amendments that might be offered."

As to the recognition of the Republic of Panama, General Reyes says that it is a matter of public knowledge that the mother country commands sufficient forces to subdue a revolution. The attitude of the United States, he says, according to the most ancient and modern authority on international law "not only committed a great offense but also made a formal attack upon her wealth."

After declaring that Panama formed the most important part of the national wealth of Colombia, General Reyes continues: "If there be an eternal and immutable principle of right, that right of Colombia has been injured by the United States by an incredible transgression of the limits set by equity and justice."

Before the news was divulged that a revolution was about to break out on the Isthmus, General Reyes says that American cruisers which reached their destination precisely on the eve of the movement were plying the waters of the Atlantic and Pacific oceans. A United States military officer, he says, stopped the railway from carrying to Panama, as it was under obligation to do, a battalion of troops from Bogota, which had just arrived at Colon, at "the very time when its arrival in that city would have impeded or suppressed any revolutionary attempt."

"The true character of the new state of Panama," says General Reyes, "is revealed in the fact that it came into existence by a coup de main effected by the winning over of troops, valorous without doubt, but who have fought against no foe, assaulted no intrenchment, captured no fort, contenting themselves with putting in prison the constituted authorities. Sad indeed is the fate of my country condemned at times to suffer calamities from its own revolutions and at others to witness the unexpected attacks of a powerful but friendly state, which for the first time, breaks its honored traditions of respect for right—especially the right of the weak."

General Reyes cites the thirty-fifth article of the treaty of 1846, providing that when either country feels itself offended it shall lay before the other a statement of such injury or damages, and conclusions.

"Since the aforesaid treaty is the law which governs between the two countries, I propose that the claims which I make in the present note on account of the violation of the aforesaid treaty and all other claims which may hereafter be made in connection with the events of Panama be submitted to the arbitration tribunal of The Hague."

Secretary Hay answered this note under date of Jan. 5. He says the government has carefully considered the grave complaints made and assures General Reyes of our most friendly sentiments for the government and people of Colombia. The questions submitted, he says, can be considered only in the light of accomplished facts, of which one is that the republic of Panama has become a member of the family of nations.

"The department has read with surprise," Mr. Hay comments, "your repetition of gross imputations upon the conduct and motives of this government, which are said to have appeared in reputable American newspapers."

"Under all circumstances," says the secretary, "the department is unable to regard the complaints of Colombia against this government as having any valid foundation. The United States would gladly exercise its good offices with the republic of Panama with a view to bringing about some arrangement on a fair and equitable basis. The acceptance of your proposals to resort to The Hague tribunal this government perceives no occasion. Indeed, the questions presented in your statement of grievances are of a political nature, such as nations even of the most advanced ideas as to international arbitration have not proposed to deal with by that process."

**Sawmill Boiler Kills Seven.**  
Newberne, N. C., Jan. 19.—Seven colored persons were killed by the explosion of a boiler in a sawmill in James City, near here.

## COX A CANDIDATE.

Cincinnati Leader Out for Delegate  
to National Convention on  
Hanna Slate.

Cincinnati, Jan. 19.—Official announcement by George B. Cox, Republican leader in Hamilton county, that he is a candidate for delegate-at-large from Ohio to the Republican national convention at Chicago next June caused much excitement among those who believe that Mr. Cox favors Hanna's nomination. On a so-called "Hanna slate" for delegates-at-large are said to be Mr. Cox, Governor Herrick, former Governor Nash and Congressman Dick. Besides more than 100 delegates in the next Ohio Republican convention from Hamilton county, it is said by friends of Mr. Cox, he has received assurances of more than enough delegates from other counties to secure his election.

It is said that Senator Foraker will name four others for delegates-at-large in opposition to Herrick, Nash, Cox and Dick, and that what is known as the "administration slate" will be headed by Senator Foraker.

## BURIAL OF BUSHNELL.

Former Governor Laid to Rest With  
Solemn Ceremonies.

Springfield, O., Jan. 19.—The funeral of former Governor Asa S. Bushnell was held at Christ Episcopal church here. Every train brought scores of distinguished visitors who attended the funeral.

Among the arrivals were Senator and Mrs. Foraker, Governor Herrick and staff, ex-Governor Nash, Assistant Secretary of State and Mrs. Francis B. Loomis, state officials and members of both branches of the general assembly, besides many prominent people from Cincinnati, Columbus, Dayton and other cities, both in and out of the state.

The services were conducted by Bishop Vincent of Cincinnati and Rev. Dr. A. C. McCabe, rector of Christ church. All public demonstration ceased after the church service and the body was accompanied to the cemetery only by the family and invited friends. The body was escorted to the church by the national guard and from 9 to 1 o'clock it lay in state, being guarded by Palestine commandery, Knights Templars, and Anthony lodge, F. and A. M.

## Little Boy Kills His Mother.

Burlington, Ia., Jan. 19.—While handling a gun he did not know was loaded, Charles Crabtree, 12 years old, accidentally killed his mother. When full realization of his mistake dawned upon the boy, he fainted on his mother's body. A coroner's jury has declared the shooting an accident.

## New Anti-Toxin Company.

Springfield, Ill., Jan. 19.—The International Serum Toxin company of Phoenix, Ariz., has been licensed to incorporate in Illinois. The capital stock is \$1,000,000.

### HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

**Installation Tonight.**—The Knights of Columbus will hold their regular meeting tonight, when the new officers-elect will be installed.

**W. C. T. U. Meeting.**—The regular meeting of the W. C. T. U. will be held this evening at 7:30 at the home of Mrs. Little in the Diamond.

**Overcome By Gas.**—John Manypenny and Will Davis, formerly of this city, now employees of the Coshocott pottery, were found in their room in that city overcome by escaping gas. They had a very narrow escape from suffocation.

**First Coal Shipped.**—The first car of coal from the Island Creek Coal company's mine on Little Beaver creek was shipped yesterday and brought in by car to the power house of the United Power company. The arrangements for mining and shipping are very perfect.

### AN OIL CUSHER

#### NEAR LEETONIA

**A Great Strike Made on the McCoy Farm And New Wells Being Drilled.**

Leetonia, January 19.—(Special).—Land owners between here and Columbiana are greatly interested, not to say excited, over the big oil strike made Saturday on the McCoy farm, not over a hundred feet from the Hyland well on the Gongaware farm, which struck a good flow of oil some time since, and upon which pumping operations were stopped by injunction from the common pleas court.

That well was pumping about 32 barrels a day when enjoined, and it is believed, will make two or three times that amount. After coming in the oil gushed up through the pipes and was still bubbling up freely this forenoon. The drillers are McCoy Bros., and Hyland is interested, the Standard, it is believed, being back of all the operations in this section.

Several other holes are being drilled on the leases taken in the neighborhood, the territory being about midway between Leetonia and Columbiana. Lively work may be expected in this region in the early future.

### REV. WM. HUFF

#### AS AN EVANGELIST

**Man Well Known in East Liverpool a Successful Gospel Minister.**

Columbus, January 19.—(Special).—Rev. William Huff, of East Liverpool, is a member of a party of evangelists which will conduct a revival at Wesley chapel, this city, February 1-10. They come here from the First M. E. church in Chicago. The party is now on a second tour across the continent from Boston to Los Angeles. Mr. Huff, who used to be known as "Billy," was converted during the famous Cole-Jewett gospel meetings in East Liverpool some 12 years or more ago, and since has been active in church and evangelical work.

### Missionary Society Meeting.

The Woman's Missionary society of St. Stephen's church will hold a meeting tomorrow afternoon at the chapel. Aside from the routine business the annual report will be submitted and a special missionary meeting will be conducted by Rev. Edwin Weary, who will make an address.

### New County Road.

### SOUTH SIDE

#### A PITTSBURG OFFICE FOR ROCK SPRINGS PARK

One Established on Account of the Increasing Business of This Popular Resort.

William Hocking, one of the active members of the Rock Springs Amusement company, has decided to locate an office in Pittsburgh within the next few days. As the company proposes to conduct the resort on a much larger scale it has been deemed necessary to adopt a better and more convenient plan to book attractions for the coming season.

Heretofore Manager J. Howard Maxwell of the park has attended to all matters connected with the park, both as to booking picnics and in caring for the crowds when they arrived. This method of doing business has been thought too uncertain, and the work in the future will be divided. Mr. Hocking will open the Pittsburgh office and from now until the opening of the season will negotiate with all picnic committees and others who desire to bring attractions to the park.

All details connected with the outings will be arranged at the Pittsburgh office, and it is expected when Mr. Hocking's task is completed the season's attractions will be the best and most varied ever brought to any resort. In addition to this the present indications are that the number of picnics will be much greater than in any previous season.

J. H. Maxwell, who is acknowledged to be one of the best local managers in the business, will devote his entire time to the park and expects to be on the ground continually. Though the last season was a very successful one, it is stated by those interested in the amusement company that much confusion and inconvenience can be avoided by having the park manager right at home all the time.

The improvements and alterations under way at the park are being pushed with all possible haste and will be in readiness for the picnic season long before it opens. The Rock Springs Amusement company is spending a vast amount of money this winter at the resort, and the fact will be clearly demonstrated when the improvements are completed.

### A Fine Reception.

A fine reception was tendered last evening by Mrs. Ellen Hester at her home in Chester in honor of her son, Jerry and bride, (nee Miss Nellie Brannon, of Bellaire), who have just returned from their wedding trip through the west. An elaborate supper was served, covers being laid for 20 couples, after which music, dancing and games filled out an evening long to be remembered by all present. Out of town guests were Miss Annie Brannon, Pittsburg; James and Thomas Brannon, of Wheeling, and Mr. and Mrs. Webster, of Bellaire.

### Showing of Oil.

As stated exclusively in this column yesterday, the well on the A. P. Howard property south of town was drilled in by Stewart Bros. some time during the afternoon. As was mentioned at the time there was good indications for oil, and when the well came in at a depth of some 600 feet, there was a fair flow of oil. It has not yet been decided what disposition will be made of the stuff.

### Revival Meetings.

A series of revival meetings were begun at the Asbury M. E. chapel last night, and the interest manifested by the congregation would indicate that the meetings will be productive of much good. A number of Chester people attended the opening service last night, and it is probable the interest will spread over the entire county.

### Cow Strayed Away.

A valuable cow belonging to William Croxall was in some manner released from her pasture yesterday in the lower part of town and wandered away. In spite of the most diligent search the animal is still missing, and it is feared she will not be recovered. The cow is a valuable one and her loss will be heavily felt in case she is not found.

### Mrs. Wilson Ill.

Mrs. Clifford Wilson, who was Miss Edna Brannon, is very ill at her home in New Cumberland. The lady was married to Mr. Wilson only a few months ago, and is known to a large number of Chester people who attended the wedding.

Rev. W. E. Hill, of the East End, East Liverpool, will preach to the Chester Presbyterians next Sunday.

William Rose, of Monroeville, arrived in Chester yesterday and is the guest of her son, Park Rose, of Carolina avenue.

A valuable horse belonging to J. L. Hunter was so badly injured while at work at the Allison farm south of town Saturday that it had to be killed.

Judgment by default was rendered yesterday in the case of Mrs. Thomas Stevenson against Mr. and Mrs. Charles Sinclair, brought in 'Squire Johnston's court. The amount involved was \$44.

### DEMOCRATS ISSUE CALL.

**National Convention Committee on Arrangements Is Appointed by Chairman Jones.**

Washington, Jan. 19.—The following official call has been issued for the Democratic national convention:

"The Democratic national committee has appointed Wednesday, July 6, 1904, as the time and has chosen St. Louis as the place for holding the Democratic national convention.

"Each state is entitled to representation therein equal to double the number of its senators and representatives in the congress of the United States, and each territory, Alaska, Indian territory and the District of Columbia shall have six delegates.

"All Democratic citizens of the United States who can unite with us in the effort for a pure and economical constitutional government are cordially invited to join us in sending delegates to the convention."

James K. Jones, chairman of the Democratic national committee, has announced the committee on arrangements for the Democratic national committee and has called a meeting of that committee for Feb. 2 at the Southern hotel, St. Louis.

The membership of the committee is as follows: James K. Jones, chairman ex-officio; J. M. Guffey, Pennsylvania; D. J. Campau, Michigan; N. E. Mack, New York; J. G. Johnson, Kansas; John R. McLean, Ohio; J. M. Head, Tennessee; John E. Osborn, Wyoming.

Omaha, Neb., Jan. 19.—The executive committee of the National Socialist party has issued a call for a national convention to meet in Chicago, May 1.

## AN OIL CUSHER NEAR LEETONIA

A Great Strike Made on the McCoy Farm And New Wells Being Drilled.

Leetonia, January 19.—(Special.)—Land owners between here and Columbiana are greatly interested, not to say excited, over the big oil strike made Saturday on the McCoy farm, not over a hundred feet from the Hyland well on the Gongaware farm, which struck a good flow of oil some time since, and upon which pumping operations were stopped by injunction from the common pleas court.

That well was pumping about 32 barrels a day when enjoined, and the well struck Saturday night. It is believed, will make two or three times that amount. After coming in the oil gushed up through the pipes and was still bubbling up freely this forenoon. The drillers are McCoy Bros., and Hyland is interested, the Standard, it is believed, being back of all the operations in this section.

Several other holes are being drilled on the leases taken in the neighborhood, the territory being about midway between Leetonia and Columbiana. Lively work may be expected in this region in the early future.
